TO THE MAN OF HYMETTUS
THE FIRST ENCLAVIAN
THIS BOOK
IS RESPECTFULLY DEDICATED

Such was the origin and such the vicissitudes of the tyranny of Pisistratus. His administration was temperate, as has been said before, and more like constitutional government than a tyranny. Not only was he in every respect humane and mild and ready to forgive those who offended, but, in addition, he advanced money to the poorer people to help them in their labours, so that they might make their living by agriculture. In this he had two objects, first that they might not spend their time in the city but might be scattered over all the face of the country, and secondly that, being moderately well off and occupied with their own business, they might have neither the wish nor the time to attend to public affairs. At the same time his revenues were increased by the thorough cultivation of the country, since he imposed a tax of one tenth on all the produce. For the same reasons he instituted the local justices, and often made expeditions in person into the country to inspect it and to settle disputes between individuals, that they might not come into the city and neglect their farms. It was in one of these progresses that, as the story goes, Pisistratus had his adventure with the man of Hymettus, who was cultivating the spot afterwards known as "Tax-free Farm." He saw a man digging and working at a very stony piece of ground, and being surprised he sent his attendant to ask what he got out of this plot of land. "Aches and pains," said the man; "and that's what Pisistratus ought to have his tenth of." The man spoke without knowing who his questioner was; but Pisistratus was so pleased with his frank speech and his industry that he granted him exemption from all taxes. *From the "Oeconomica," Chapter xv, Forster's Translation.*

INTRODUCTION

A TALE is told of a man who, having been long and hopelessly in prison, finally tried the door of his cell, and, finding it unlatched, went out to freedom. A similar revelation has come to a few Single Taxers.

Multitudes since the time of Henry George have believed in single tax, and have represented their belief by somewhat hopelessly agitating for legislation. But during all this period the way was open to achieve the same end without it. This way has been followed by a few persons, and the seven resulting areas in which single tax exists shine like minute white stars against the darker background.

Some one once said to Charles Lamb, "There is a spot upon your coat, Mr. Lamb." "Clean spot, you mean," rejoined he.

These clean spots, as being enclosed by the huge system from which they have freed themselves (each in its own degree), are called "enclaves," and are described in the following pages.

In the area (2,983,658 square miles) comprehended by the United States, including Alaska, Hawaii, and Porto Rico, the six enclaves represent a proportion of 260 parts in a hundred million; in Andorra, 5000 parts in a hundred million.

Are these enclaves worthy of being expanded? Are they worthy of being multiplied? This book is offered as a part of the evidence.

ENCLAVES OF SINGLE TAX

THE word "enclave," as used by Single Taxers, means an area of land where the economic rent¹ is collected under the terms of leaseholds and used to pay certain of the taxes levied by the town, county, state, or nation.

An enclave may or may not be a colony, this depending upon whether its characteristic note is attracting settlers or extension of territory, the bringing of the people to the land or of the land to the people. The first class of enclaves, which can properly be spoken of as colonies, is represented by Fairhope in Alabama, Arden in Delaware, and Free Acres in New Jersey; the second class by Tahanto in Massachusetts, while Halidon in Maine represents a compromise between the two, for although in theory it is like Tahanto, its growth has consisted more largely in accessions of colonists than in accessions of land. All the enclaves are identical in the principle of taking the economic rent and using it in payment of taxes. In all of them, therefore, improvements² are exempt from taxation. Thus in essence the Single Tax prevails; but, on the other hand, in no one of them has there been any attempt to pay either the customs or the excise or the national income tax, or to make good the artificial increase in the prices of domestic goods due to the "protective" policy. Thus, to a substantial degree, the plan as so far exemplified fails to realize the splendid conception of Henry George of a Single Tax on the value of land, involving freedom of trade with foreign countries and freedom from interferences at home. But it is much to untax improvements, and thereby to untax local industry.

¹ Economic rent is such annual payment as represents the value involved in the right to use the bare land, that is, the land considered as being without buildings, crops, trees, etc.; it may be defined as the annual site value.

² Buildings, roads, crops, trees, etc., are improvements, as also the difference between the bare land and the same land in tillage.

ENCLAVES OF SINGLE TAX

The vitality of the enclaves is to be noted. All of the many socialistic communities of America, with the notable exception of Amana in Iowa (and it although still vigorous is now suffering decline), are either dead or dying, while each of the Single Tax communities has grown in strength with the successive years. It was but natural at the beginning that many Single Taxers should have been doubtful about the issue. The judgment of Henry George himself, when consulted regarding Fairhope, was unfavorable. He thought it inadvisable to risk the reputation of the Single Tax on the success of a pioneering experiment in land, which might fail for practical reasons entirely unconnected with the principle; moreover, the project seemed to him more akin to the nationalization of land than to the Single Tax which he advocated.

Time has invalidated the first of his objections, as is evidenced by the following figures, which show the growth in recent years of the five enclaves in the United States.

ENCLAVES OF SINGLE TAX

This growth, amounting to 376 per cent in the last ten years, cannot be deemed other than satisfactory, when it is remembered that the speculative fever, which so often explains the rapid expansion of Western towns, has been absent.

Varying opinions are held as to the value of enclaves for the purpose of propaganda, some holding that they are too limited to be effective; but this point needs no discussion here. It is enough for the justification of enclaves that they demonstrate the practicability of the Single Tax, that they give opportunities not to be found elsewhere for their inhabitants, and that they furnish much needed laboratories where minor, yet very important, points, about which Single Taxers differ, can be determined by experience. Some of these points are: Shall railroads be publicly owned or operated? Shall mines be treated by taking the economic rent, as under the ordinary rule of Single Tax; or shall they be regarded as a capital value to be reproduced elsewhere on the earth as a capital value in proportion as the mines are depleted? Shall the distribution of water, gas, and electricity be communal or private? How nearly is it practicable to take the whole economic rent? Shall a forest be called a site value or an improvement? Can the increment in rent due to private water-works be collected as a proper part of the economic rent? After collecting the economic rent and paying the ordinary expenses, can the remainder, if any, be devoted to any purpose whatever, or how shall expenses that are properly governmental be defined?

[The above account is largely a revision of an article with the same caption in the *Single Tax Year Book* (1917), published by the Single Tax Review Publishing Company, Sun Building, New York City.]

THE GEORGIAN TRUST

HOW to expand the enclavial movement, affording all interested the opportunity to contribute by loans or gifts, while ensuring funds from a reliable source of supply, was the subject of much meditation in the years preceding 1920, and, in that year, The Georgian Trust was formed. In anticipation of its formation the Trust of Sant Jordi, re-formed in 1918, provided (see pages 167, 168, and 184) for a part of its receipts to be turned over to the new trust, and the Trust of Shakerton (see pages 198 and 202), formed in 1921, provided likewise.

A certain solidarity is given to the enclaves by the provision making the approval of a majority of them necessary to confirm the appointment of a new Georgian trustee.

THE GEORGIAN TRUST

KNOW ALL MEN BY THESE PRESENTS: That we, M. Phillips Mason and Fiske Warren, both of Harvard, in the County of Worcester and Commonwealth of Massachusetts, associate ourselves as trustees to hold property which comes into our hands as such upon the trusts hereinafter set forth, and hereby acknowledge and covenant and agree with each other, and with all persons who may hereafter transfer any property to us that we hold and will hold all property received by us as trustees hereunder for the purposes and upon the trusts hereinafter set forth and none other, to wit:

Name FIRST: This trust shall be known as The Georgian Trust.

Purpose SECOND: The purpose for which this trust is organized is to hold and manage real and personal property which may come into the hands of the Trustees as such with the powers hereinafter set forth and for the objects hereinafter defined.

Objects THIRD: The objects to which the trust property shall be devoted are to promote, encourage and assist the adoption and practice of the principles of Single Tax, including among other things:

THE GEORGIAN TRUST

1. Making loans or gifts (*a*) for the assistance or enlargement of existing enclaves for the practice and demonstration of Single Tax principles; (*b*) for the foundation of new enclaves of like character.

2. For giving prizes, pensions or other gifts to persons whose services past, present or prospective, to the promotion of Single Tax principles (preferably in the form of enclaves) may in the opinion of the Trustees warrant.

3. To endow or support other trusts with similar objects or for the same general purposes.

4. The support of such other activities as in the opinion of the Trustees may be desirable to promote the general purposes herein set forth.

FOURTH: The Trustees hereunder shall have all powers necessary *Powers* or proper to carry out the general purposes of this trust, including, among other things:

1. Power to employ all such clerks, attorneys, agents, servants and assistants as they may from time to time find necessary or convenient.

2. Power to organize such executive board or boards as they may from time to time find convenient, and to delegate to every such board such part of the powers of the Trustees as they deem expedient, for such period as they deem expedient, and subject to such limitations as they think convenient.

3. To organize from time to time such advisory boards as they think proper with such functions and powers as they think expedient.

4. To do all acts in relation to the administration of the property of the trust which they might do if absolute owners thereof, subject only to such special provisions and obligations to act as are herein contained, including among such powers the right at any time to sell any real or personal property held by them as Trustees at public or private sale, for cash or on credit, on such terms as they shall think fit, and to convey or transfer the same by good and sufficient deeds or other instruments, no purchaser or other person dealing with said Trustees to be responsible for the purchase money, or for any payment made to the Trustees; power to invest any property in their hands, or the proceeds of any property, and to re-invest the same, and from time to time to change investments; power to bor-

THE GEORGIAN TRUST

row money for the purposes of the trust without personal liability on the part of the Trustees for the re-payment thereof; power to pledge or hypothecate in any form any of the trust property to secure any such loan.

FIFTH: The Trustees may receive and manage any property for the purpose of extracting value therefrom, but in the management of any property which consists of a disappearing or wasting natural resource or money received therefrom in excess of the expense of extraction shall be maintained by the Trustees unimpaired as to principle, except that the Trustees may grant to any enclave or trust organized for similar purposes, whether local or general, any such natural resource, or any principal from extraction by them therefrom, subject to the same obligation to maintain the capital value unimpaired, and to use the income from such capital value as hereinafter provided.

The Trustees shall invest each year all net income derived from the capital value received and held by them from a natural resource above referred to, and maintain the principal of such investment, but shall be at liberty to deal with the income received from such investment in the same manner as provided with respect to other income of the Trustees. All annual net income of the Trustees subject to and except as last above provided they shall apply one-half to the investment as an increase of the capital resources of the trust, and the other one-half to such other purposes of the trust as they from time to time think fit.

SIXTH: Upon the termination of the trust all the trust property shall be distributed by the Trustees in gifts to one or more enclaves then in existence, or to such other public object or objects, such distribution to be determined by a majority of the Trustees for the time being concurring with the governing bodies of a majority of the enclaves associated with this trust then in existence, or in default of such agreement, to the public authorities of municipalities or equivalent bodies within the geographical boundaries in which any such associated enclaves is [are] included, such distribution to be made in proportion to the rents which during the last preceding fiscal year were received by the enclave or enclaves within the geographical boundaries of each such body.

SEVENTH: For the purpose and within the meaning of this instrument any enclave shall be deemed an associated enclave if it has

THE GEORGIAN TRUST

been declared such by the Trustees, and such declaration has not been abrogated by the Trustees by instrument in writing duly communicated to such enclave, and any action in connection with this declaration of trust provided to be by the governing body of such enclave shall be deemed to have been properly taken by the governing body if it has been approved in writing by a majority of the members of the community of such enclave, or by vote at a meeting of such community duly called for the purpose of taking such action, or in any enclave in which there is no organized community if taken by a majority of the Trustees of such enclave.

Associated Enclaves EIGHTH: The Trustees hereunder may at any time and from time to time by instrument in writing and under seal duly acknowledged, increase the number of Trustees and appoint new Trustees, and appoint a Trustee to fill any vacancy that may arise in the Board of Trustees. No appointment of a Trustee to fill a vacancy, or as an addition to the Board of Trustees shall, however, be valid if made after five years from the date of this instrument, if at the time the Trustees hold property of the value exceeding ten thousand (10,000) dollars, unless and until such appointment is confirmed by the approval in writing of the governing bodies of a majority of all enclaves at the time associated with this trust, and any approval in writing by the governing body of any enclave shall be revocable by the governing body thereof by instrument in writing duly filed with the Trustees unless prior to the receipt of such revocation a majority of the associated enclaves have given such approval and the same has remained unrevoked.

New Trustees NINTH: This declaration of trust may be amended at any time in any manner, including a provision for its termination prior to the time hereinbefore fixed, by instrument in writing signed by the Trustees for the time being, or a majority of them, and confirmed in the manner hereinbefore provided for confirmation of appointments of new Trustees; the necessity of such confirmation to exist only under the conditions requiring such confirmation for such appointments.

Amendments TENTH: The certificate in writing duly sworn to and acknowledged by a majority of the Trustees for the time being setting forth the existence of any fact authorizing any action taken by the Trustees, including any facts necessary to warrant the appointment of a new Trustee, and including the statement of confirmation of any such appointment as required in

THE GEORGIAN TRUST

the preceding article shall be conclusive evidence in favor of all persons acting in good faith in reliance thereon that the alleged facts therein set forth exist, and the records of the Trustees purporting to show resignations, increases in number and appointments of new Trustees, authentication by the persons appearing from such records from time to time to be the Trustees, shall be conclusive evidence as to who are the Trustees at any time in favor of any person acting in good faith in reliance thereon.

ELEVENTH: This trust shall continue until the lapse of twenty-one years after the death of that one of the following named persons who dies last:

FAIRHOPE

FAIRHOPE is the oldest and most important Single Tax colony in the world. It had its beginning in 1895 on the eastern shore of Mobile Bay, Baldwin County, Alabama, when a few venturesome and courageous men and women bought 135 acres of land for \$771. This land with the additions subsequently made, including buildings, is now worth probably a full million dollars.

The enterprise originated some two years prior to 1895, during which two years a small group of men in Des Moines, Iowa, drawn together by friendship and common convictions, conceived the idea and formed the plan of practically testing Henry George's views of the Single Tax. Only four of these men became actual residents of Fairhope. They were James Bellangee, S. S. Mann, James P. Hunnel, and Ernest B. Gaston. Iowa, Ohio, Pennsylvania, Missouri, Minnesota, and the Pacific Coast were represented by the original settlers.

The general location, as well as the actual site of the colony, was determined by vote of those interested after diligent investigation by a committee. The original tract of land was added to by subsequent purchases from time to time, and notably by a gift of about 2000 acres from Joseph Fels, until at the present time the enclave comprises nearly 4000 acres, about seven-eighths of which is under lease. When first occupied, this section was the wildest spot along the eastern shore of Mobile Bay, being covered for the most part with young pine timber of practically no commercial value, but hard to get off the land. For the earliest settlers to begin in this place the founding of the model community which had been the object of their dreams required imagination, faith, and courage. Much of the first stump-clearing from streets was done by volunteers on Saturday afternoons.

FAIRHOPE

A "coöperative" store was established at the beginning, though subsequently abandoned. A "town well," over a hundred feet deep, was put down, the precursor of the present pumping plant and power house.

The original legal organization was called the Fairhope Industrial Association, incorporated in Des Moines, Iowa, in the spring of 1894 with seven charter members. Ten years later this Industrial Association was succeeded by the Fairhope Single Tax Corporation, incorporated August 9, 1901, under the laws of Alabama. The municipality of Fairhope was incorporated in 1908, and covers 1100 acres, 40 per cent of which belongs to the enclave, the rest of the land in the municipality being privately owned. The population of the municipality according to the census of 1920 is 853, as compared with 590 in 1910, a gain of 44 per cent.

When the Industrial Association was formed, the following statement of principles was announced :

" . . . The only plan of co-operative colonization ever proposed, which secures the benefits of co-operation and yet preserves the perfect freedom of the individuals.

" Its purpose is to establish and maintain a model community or colony free from all forms of private monopoly, and to secure for its members therein equality of opportunity and the full reward of individual effort and the benefits of co-operation in matters of general concern.

" The law of equal freedom is the cornerstone of its plan; that 'everyone has freedom to do as he wills, provided he infringes not the equal freedom of any other.'

" In government, the law is applied by personal instead of stock vote; with no distinction of sex; and the initiative and referendum.

" In land-holding and use, by the principles of the Single Tax,

FAIRHOPE

the association holding the title to all lands and leasing to individuals in quantities to suit at a rental which shall equalize the varying advantages of location and natural qualities of all tracts.'

"In medium of exchange by the issuance of its non-interest-bearing notes for services and products, redeemable in services, products, and land rents.

"In commerce by association stores, selling goods to members and non-members alike, and dividing the profits quarterly among members in proportion to their purchases, and by acting as agent for its members in the sale of their products, charging only cost of service rendered.

"In natural monopolies, supplying water, light, power, telephones, transportation, etc., by association control and operation at cost.

"Participation in all co-operative features is purely voluntary, all being at perfect liberty to buy or sell where they please, to use the association's medium of exchange or let it alone as they please. In short, to be the absolute directors of their own actions—limited only by the law of equal freedom, before enunciated. . . ."

The socialistic features suggested in the above statement became embodied in the early days of the colony in a "co-operative" store, a "co-operative" newspaper, a wharf, a steamer, water-works and the Fairhope Exchange, organized to facilitate the exchange of products and services, to acquire machinery and operate industries. Most of these had a relatively brief existence. The paper, the *Fairhope Courier*, passed into the ownership of Mr. E. B. Gaston, who had previously been its editor, and who has continued in that capacity, and also as publisher, ever since. The store became privately owned. The steamer was burned. The wharf was demolished in a storm, and was turned over to trustees who reconstructed it. The water-works now belong to the municipi-

FAIRHOPE

pality. The success of the colony, which has exceeded the expectations of most of its advocates, has not been appreciably retarded by the failure of these socialistic experiments, but has been due to its land policy with its collateral advantages to lessees.

The Charter of the Fairhope Single Tax Corporation provides: "The purpose of said corporation is to demonstrate the beneficence, utility, and practicability of the Single Tax theory with the hope of its general adoption by the governments in the future, in the meantime securing for ourselves and our children and associates the benefits to be enjoyed from its application as fully as existing laws will permit, and to that end to conduct a model community free from all forms of special privilege, securing to its members therein equality of opportunity, and the full reward of individual efforts and the benefits of co-operation in matters of general concern, holding all land in the name of the corporation and paying all taxes on the same and improvements and other personal property of lessees thereon (moneys and credit excepted), charging the lessees the fair rental value."

It is to be noted that, although in the leases the corporation agrees to pay only the taxes levied by the county and state, it has, since the foundation of the municipality, paid in addition the taxes levied by the municipal authorities, also road and poll taxes.

The earlier contention, which not unnaturally arose regarding the fixing of rents, has been greatly reduced by the introduction of the Somers System of valuation, beginning with 1914. But the Somers System concerns itself chiefly with relative values, and there appears good reason to believe that the standard adopted, which turns mainly on a comparison with values outside the enclave, is considerably below the economic rent.

Relatively few lessees are members of the corporation and therefore entitled to vote, as membership is conditioned upon the pay-

FAIRHOPE

ment of \$100. Moreover, compliance with these conditions does not necessarily admit one to membership, as that requires favorable action by the authorities, who may refuse to admit any one deemed undesirable, especially if he is lacking sympathy with the purposes and plan of the organization.

It is not surprising that this form of colony government, with its oligarchical flavor, has been the object of much dissatisfaction on the part of some of the lessees. This came to a head in 1915, when a suit was brought by one of the lessees for the dissolution of the corporation. A bill of complaint was filed in the Chancery Court, praying that the Fairhope Single Tax Corporation be dissolved on the twofold ground that the law under which it was organized was void under the Constitution of Alabama, and of the United States; and that Fairhope failed to fulfil the law and to exemplify the Single Tax. The Court held for the plaintiff, overruling all demurrers of Colony counsel; really, however, avoiding definite ruling on any of the points raised, and saying that, as it was certain to go to the Supreme Court, it might as well go there at once. But the Supreme Court of Alabama, on appeal by the Corporation, unanimously reversed the decision of the lower court, affirming that Fairhope is a "corporation *de jure*," and that nothing in the purpose or methods of the colony was opposed to public policy or in violation of the constitution. It said, too: "There is, as we understand it, a marked kinship between the Single Tax system as proposed by Henry George and what this corporation may do and appears to be doing under the warrant of its incorporation." Thus was removed a heavy drag upon the progress of the colony.

After a quarter of a century of existence, Fairhope makes a showing of which it need not be ashamed. It is the second town in Baldwin County, Bay Minette, the county seat, alone surpassing it in resident population, while Fairhope's large transient

FAIRHOPE

population from its character as a resort both summer and winter probably gives a considerably greater actual population throughout most of the year. It has fine stores, a bank established in 1917, which has been strikingly successful, exceptionally good hotels, churches, fraternal organizations (the Free Masons and Pythians owning substantial buildings), and Women's Clubs affiliated with those of the state and nation. Besides the fine public school building, Fairhope prides itself upon its School of Organic Education. This was opened in 1907 by Mrs. Marietta L. Johnson, who is still the efficient principal, in a cottage with six pupils. It now owns nine school buildings on ten acres of land, the free use of which is given by the colony, and enrolled in the school year 1921-22 two hundred and twenty-five pupils and twenty-three teachers. Among the more recent buildings is Comings Hall, an auditorium seating over six hundred, large enough for basket ball games, and with a commodious stage and a cement track for roller skating running around the interior. A three-room addition to what is now known as the Science Building was built in the summer of 1921. The most recent building is a School Home for the accommodation of boarding pupils. It has fifteen rooms with opportunity for six more in the unfinished third story. It has sleeping-porches, hot and cold water, electricity, and a modern heating system. The School is called "Organic," inasmuch as it aims to perfect the entire organism, body, mind, and spirit, of the child. "A sound, accomplished, beautiful body, an intelligent mind, and a sweet and reverent spirit, is the immediate end and aim of organic education." The School receives pupils of the kindergarten age and advances them through the High School course until they are ready for college. It has a two years' training course for teachers, and departments of domestic art and science, manual training, arts and crafts, and agriculture.

The nation-wide fame already attained by the School will be

FAIRHOPE

enhanced by the establishment, now under way, of the Fairhope Educational Foundation. Its aim is to organize and carry on over the whole country a campaign of publicity and action in support of the Fairhope School of Organic Education as a model and for the training of teachers, and for the creation of new schools on the Fairhope plan in or near the large cities of the East and the West. A Maintenance Committee formed among visiting friends at Fairhope will help in raising funds.

A distinctive feature of Fairhope is the People's Railroad. This has been built by an organization which issues no stock, but whose members pay five dollars each. Funds for the construction of the road were obtained by the issue of bonds. About one and a half miles of the road are under operation, from the wharf at the pier head through the business section to a point near the limits of the municipality. It is proposed to extend the line about twelve miles through the enclavial land and beyond it to the towns of Silverhill and Robertsedale, at which latter point it will connect with the Louisville & Nashville Railroad.

The idea of those controlling the People's Railroad is that it shall follow the lines of co-operative effort so far as possible, the rates being limited to a fair earning and never to exceed the necessary charges and a surplus sufficient to provide for renewal of plant and amortization. Thus the benefits of the road will not be reflected in dividends, but in enhanced land values and efficient transportation, and will accrue to the entire community. Because these benefits are collectively enjoyed, it was thought fitting that the 1800-foot pier and the right of way through the enclave should be granted the railroad without money compensation.

Fairhope has an office for job printing in connection with its weekly newspaper, the *Fairhope Courier*; a public library with over four thousand volumes; public bath houses; ample reservations for parks; a nine hole golf course; municipally owned water

FAIRHOPE

works and electric light plant; a colony-owned telephone line; an ice plant; creamery; saw and planing mill; cabinet shop, making doors, windows, blinds, etc.; a brick and tile plant; garages and repair shops.

The climate of Fairhope is favorable, the thermometer seldom going above 95° or below 20°. Corn, oats, upland rice, sugar cane, velvet beans, peanuts, Satsuma oranges, kumquats, grapefruit, sand-pears, pecans, and figs are raised on enclavial land; some cotton is also grown. There never have been liquor saloons in the community, although until recent years not prohibited by law. Over thirty religious faiths are represented in Fairhope. There are three church buildings. No resident of Fairhope has been defendant in a criminal case in the county court.

That the economic rent has not been always successfully assessed and collected is attested by certain bonuses paid when leases have been transferred, especially along the bay-front, where sites for residences are very attractive. To meet these conditions no recourse was had to the drastic provisions under Article VIII, Section 6, of the Constitution, enabling the Council immediately to increase the rent, without waiting for the next regular assessment, but the Council passed unanimously the following vote, February 22, 1921: "That hereafter the applicants for lots shall be asked to state the use desired to be made of the same, and applications be granted only when applicants agree to substantially improve the lots granted within one year from date of grant, and to be subject to forfeiture at the option of the corporation if not so used within the year, or if any bonus is accepted or asked for the transfer of lots while in unimproved condition."

It is to be observed that this provision does not appear to affect a lessee transferring his lease to a member of the corporation, who on his own account makes no application for the substitution of a direct lease to himself.

FAIRHOPE

Since publication in our issue for 1920 of the plan for the organic development of Fairhope, a public meeting has been held in its behalf, the *Courier* has seconded the movement, and the following resolution was adopted by the Council: *Resolved*, That we will endeavor to guide the development of the colony in accordance with Professor Montoliu's suggestions, as nearly as practicable, with such modifications as may appear desirable.

The People's Co-operative Store was organized in 1920, with C. A. Darrow secretary-treasurer, and V. M. Reynolds manager. It has a capital of several thousand dollars, and does an active business. For its By-Laws see page 32.

The rent roll of Fairhope shows four "blocks" or parts of "blocks" in which the average rent is less than the taxes, and fifty lots elsewhere of which in each case the same is true. Compare nine cases of the sort in Tahanto and six in Halidon.

Payment of taxes in excess of rent has been objected to from time to time by those who do not see that in principle the two things have nothing in common. On the one hand it is proper to levy the economic rent, and on the other hand it is proper to relieve a man of his taxes. The question of whether the total rent might not be sufficient to take care of the total taxes never arises in practice.

Nine acres of land were acquired in 1921 by purchase. The following table shows the progress made since 1895, complete figures for the earlier years not being available:

The winter brings to Fairhope an increasing number of people, many being attracted by the advantages of the Organic School for their children, others by the climate. Among the prominent residents may be named President Edmund J. James, LL.D., of the University of Illinois, and Mr. Brooks-Lawrence, head of the Anti-Saloon League of Alabama.

The officers of the colony are as follows: President, A. H. Mershon; Vice-President, Nelson Rockwell; Secretary, E. B. Gaston; Treasurer, G. W. Wood; Superintendent of Public Health, Mrs. Margaret Dyson; Superintendent of Industries, M. A. Bowen; Superintendent of Public Service, H. H. Parker; Trustees, Mrs. A. B. Call, G. L. Hopping, J. A. Patterson.

FAIRHOPE TOWN PLANNING SCHEME

THE accompanying plan was worked out during its author's residence in Fairhope in 1920. Deeply impressed by the attractive life conditions and the economic prosperity of the colony, he thought that its marked urban growth in recent years required a scientific survey of the expanding community, in order to make available for it the advantages of a rational plan for its future development along lines similar to those of the Garden City Movement, to which the Single Tax Enclaves have many striking resemblances, particularly as illustrated by Letchworth in England and Fairhope in Alabama.

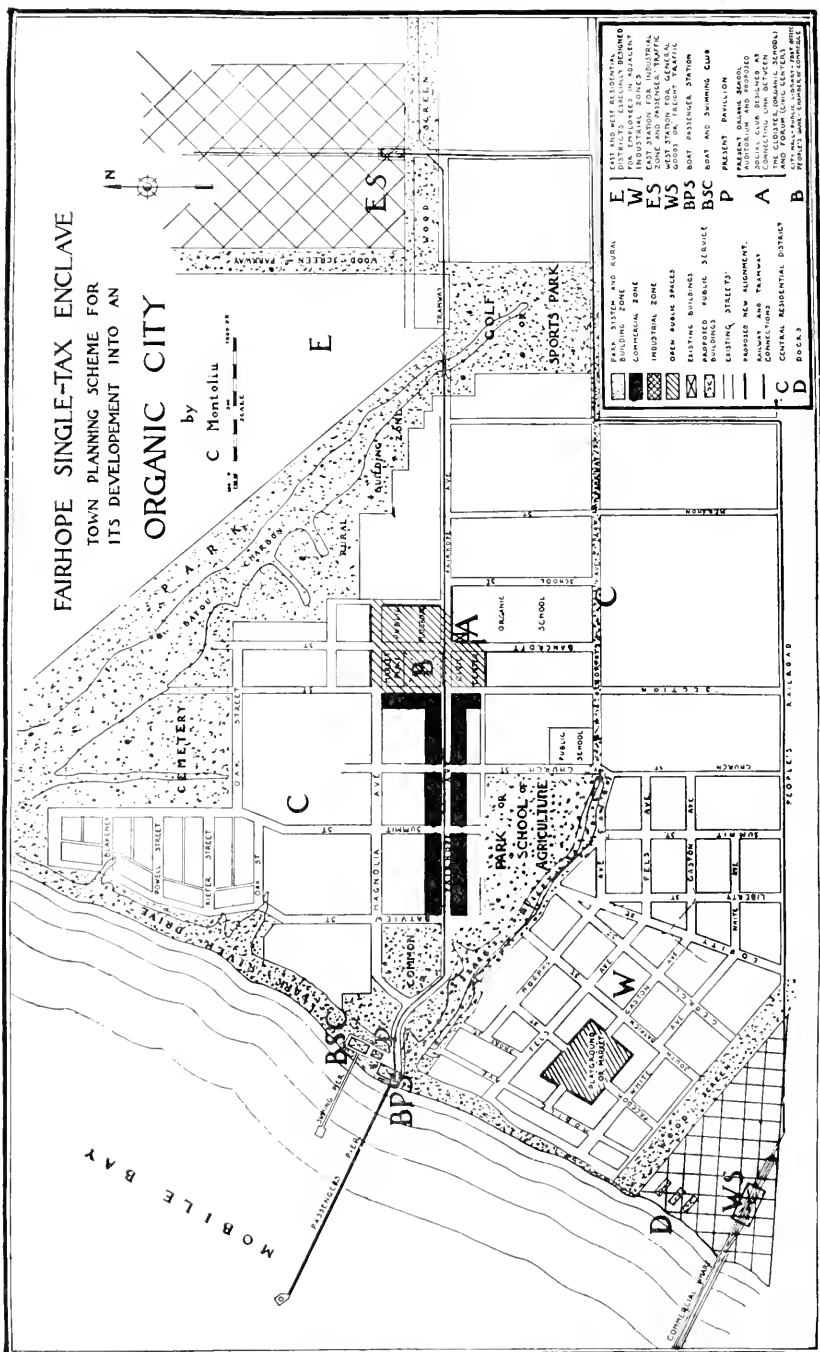

The remarkable achievements, in the pedagogical field, of the School of Organic Education in Fairhope, in keeping with the views of the most advanced leaders in American school reform, such as John Dewey and C. Hanford Henderson, have also in part inspired this scheme for a model city based on the same "Organic" principles. It was submitted to the Fairhope Single Tax Corporation in September, 1920, as a preliminary plan to be developed after closer study and adaptation to practical needs, and is at present under consideration by the authorities of the colony.

As the first result of the preliminary civic survey above mentioned, the plan aims to trace the broad essential lines which the future growth of the community should follow. These, as specified in the table of explanations on the plan, include all the important aspects under which a town-planning problem must be considered in order to deserve the name "Organic." They are:

I. A Communication or Transportation design, which in this case implies providing (*a*) a railroad to the nearest station of the main trunk line at Robertsedale on the Louisville and Nashville Railroad, and (*b*) a commercial wharf in addition to the existing

pier on Mobile Bay, to be reserved for passenger traffic. Two railroad stations, at the east and west ends of the town, are the main features of the proposed solution of the problem of securing the most efficient industrial activity without injurious effect upon the health, beauty, and well-being of the town. These stations are connected by the railroad following the outskirts of the town, while a trolley line through the main thoroughfare, Fairhope Avenue, connects the eastern station with the passenger pier.

II. A Zoning scheme, designed to afford convenient location for the industrial, commercial, recreational, and housing needs of the people. The following Zones are suggested, each to conform to special regulations as regards light, area and use of the buildings, in keeping with the purpose of each Zone :

(A) The Industrial Zones east and west (cross lines), close to each of the two above-mentioned stations, where all kinds of buildings for manufacturing purposes should be allowed.

(B) The Commercial Zone (solid black), intended for stores, shops, and offices, where there should be some limitations as to the height and cubical contents of the buildings, and from which noisy, smoky, or unsightly machinery should be excluded.

(C) The Rural Zone (dotted area), containing a thoroughly planned Park System, designed on the topographical basis of the two picturesque gulleys which intersect the town district and unite in the attractive Bay Beach.

(D) The Residential Zone, divided into three sections, central, east, and west, as explained in the plan,—the common rule for all these sections being adherence to the system of detached and single family houses, with sufficient space for private gardens.

III. A Street System, with provision for necessary public squares, the absolute lack of which in the existing plan is obviously wrong. The same can be said of its primitive gridiron street design; but, as it is now impossible to change this without close

study and injury to legitimate vested interests, the author's work has been perforce limited to introducing into this old *inorganic* plan the essential elements for an *organic* development; as, for example, the two public squares (marked with stripes) which have been cut out from the present street system,—the Western Square to serve as the necessary public space available for the occupants of the cheap dwellings in the Western Residential Zone, and to be used either as a playground or for a wholesale market in connection with the railroad terminal on the Commercial Wharf; while the other public space at the end of the Commercial Zone is to be the central feature of the whole organic scheme, with the title of —

IV. Civic Centre, divided into two principal sections: the northern side to be reserved for a retail public market, where farmers could daily sell their products; and the southern section, the Civic Centre in the strict sense, designed for the manifestation of every phase of civic life. In the area (marked B) between these sections is an ample reservation for all kinds of public buildings, or for a single large public building, including the City Hall, the Public Library, the Post Office, the People's Bank, offices of a public or semi-public nature, Chamber of Commerce, etc. The present auditorium of the Organic School (marked A) becomes in this connection the ideal site for the Community or Social Club, which should be one of the principal features of the Civic Centre, as being specially designed to promote the civic life in all its diversified expressions. The erection of the auditorium in this very place seems to furnish the providential means of supplying the necessary link between the *Cloister* (Organic School), as superior emblem of the spiritual life, and the *Forum* (Civic Centre), as the best embodiment of the temporal aims of the community. Thus we reach, in conclusion, the very corner-stone upon which is to be built the whole structure of our Organic City.

FAIRHOPE

CONSTITUTION

OF FAIRHOPE SINGLE TAX CORPORATION, 1913

Preamble.

Believing that the economic conditions under which we now live and labor are unnatural and unjust, in violation of natural rights, at war with the nobler impulses of humanity, and opposed to its highest development; and believing that it is possible by intelligent association, under existing laws, to free ourselves from the greater part of the evils of which we complain, we, whose names are hereunto subscribed, do associate ourselves together and mutually pledge ourselves to the principles set forth in the following constitution.

ARTICLE I: NAME.

The name of this organization shall be FAIRHOPE SINGLE TAX CORPORATION.

ARTICLE II: PURPOSE.

Its purpose shall be to establish and conduct a model community or colony, free from all forms of private monopoly, and to secure to its members therein equality of opportunity, the full reward of individual efforts, and the benefits of co-operation in matters of general concern.

ARTICLE III: MEMBERSHIP.

§ 1. Any person over the age of eighteen years whose application shall be approved by the Executive Council and who shall contribute to the Corporation one hundred dollars, shall be a member of the Corporation; provided that on petition of ten per cent of the qualified membership filed with the secretary within thirty days after action on any application by the Executive Council, such application shall be admitted to a vote of that membership.

§ 2. The husband or wife of a member shall, upon signing the constitution, also be considered a member and entitled to vote in the government of the Corporation, while such relation exists in fact; but only while such membership remains in good standing.

§ 3. Any member against whom complaint of violation of the spirit and purpose of the Corporation, or invasion of the rights of its members, is preferred in writing by ten per cent of the membership, may be expelled by the Executive Council, after full investigation of the charges preferred. ARTICLE VI: INITIATIVE AND REFERENDUM.

§ 1. Upon petition of ten per cent of the qualified membership, any act of the Executive Council, legislative or administrative, or any measure proposed by the petitioners, shall be submitted to a vote of that membership at the time set in said petition; provided that where amendments to this constitution are proposed, thirty days' notice must be given, and on other matters at least twenty-four hours' notice.

§ 2. No measure of general legislation passed by the Executive Council shall be in force until thirty days have elapsed after its passage without the filing of a petition for its submission to the membership; provided that nothing in this section shall be construed to prevent the immediate taking effect of any order of the Executive Council necessary to the execution of measures already in force.

FAIRHOPE

§ 4. Nominations for office may be made by petition of five per cent of the membership filed with the secretary ten days before the election.

§ 5. The name of any officer whose term of office expires at any election shall appear on the official ballot as a candidate for re-election unless he shall become disqualified to fill the position, or his declination in writing be filed with the secretary ten days before said election.

§ 6. All voting shall be by secret ballot.

§ 7. The affirmative votes of three-fourths of the members shall be necessary to amend or repeal any part of this constitution.

§ 8. In the election of officers, or on the passage of any measure not conflicting with this constitution, the decision of a majority of those voting shall be final.

§ 9. If at the second election no candidate receives a majority, a third election shall be held two weeks thereafter; but only the two names receiving the highest number of votes at said election shall appear on the official ballot.

ARTICLE VIII: LAND.

§ 1. There shall be no individual ownership of land within the jurisdiction of the Corporation, but the Corporation shall hold as trustee for its entire membership the title to all lands upon which its community shall be maintained.

§ 2. Its lands shall be equitably divided and leased to members at an annually appraised rental, which shall equalize the varying advantages of location and natural qualities of different tracts and convert into the treasury of the Corporation for the common benefit of its members all values attaching to such lands, not arising from the efforts and expenditures of the lessees.

§ 3. Land leases shall convey full and absolute right to the use and control of lands so leased and to the ownership and disposition of all

FAIRHOPE

improvements made or products produced thereon so long as the lessee shall pay the annually appraised rentals provided in the foregoing section, and may be terminated by the lessee after six months' notice in writing to the Corporation and the payment of all rent due thereon.

§ 4. Leaseholds shall be assignable, but only to members of the Corporation. Such assignments must be filed for record in the office of the secretary, and the person to whom the same is assigned thereby becomes the tenant of the Corporation.

§ 5. The Corporation shall have a prior lien on all property held by any lessee upon lands of the Corporation, for all arrearages of rent.

§ 6. If any lessee shall exact from another a greater value for the use of land, exclusive of improvements, than the rent paid by him to the Corporation, the Executive Council shall immediately, upon proof of such fact, increase the rental charge against such land to the amount so charged, or sought to be charged.

§ 7. Nothing shall be construed to invalidate the Corporation's right of eminent domain. In all leases of land the Corporation shall reserve the right to resume the possession of the same for public purposes, on payment of all damage sustained by the lessee thereby, to be determined by three appraisers, one to be chosen by the board of trustees, one by the lessee, and the third by these two.

ARTICLE IX: FINANCIAL.

§ 1. To provide its members with a safe, adequate, and independent medium for effecting exchanges of property and services, the Corporation may issue its non-interest-bearing obligations, which shall be receivable by it at their face value in full payment of all its demands.

§ 2. These obligations may be issued for all expenses of the public service, but no more shall be issued for such public services during any year than the estimated revenue available during said year for such purpose.

ARTICLE X: PUBLIC UTILITIES.

No private franchise for the supplying of its members with such public necessities as water, light, heat, power, transportation facili-

ARTICLE XII: PARKS, LIBRARIES, ETC.

Ample provision shall be made in platting the lands of the Corporation for land for parks and all other public purposes, and as rapidly as may be, lands thus intended shall be improved and beautified, and schools, libraries, public halls, natatoriums, etc., established and maintained at the expense of the Corporation for the free use and enjoyment of the members and their families.

ARTICLE XIII: NO TAXATION.

No taxes or charges of any kind other than heretofore provided for shall be levied by the Corporation upon the property or persons of its members.

Lands not desired for use by members may be leased to non-members, and any services which the Corporation may undertake to perform for its members may be performed also for non-members, at the discretion of the Executive Council, on such terms as it may provide.

ARTICLE XVI: INDIVIDUAL FREEDOM.

The natural rights of its members to absolute freedom in production, exchange, associations, beliefs, and worship, shall never be abrogated or impaired by the Corporation, and the only limit to the

FAIRHOPE

exercise of the will of individuals shall be the equal rights of all others.

ARTICLE XVII: NO INDEBTEDNESS.

LEASE

This Lease, MADE THIS..... DAY OF....., 19...., BY AND BETWEEN
FAIRHOPE SINGLE TAX CORPORATION, OF FAIRHOPE, BALDWIN COUNTY, ALABAMA, AND.....
OF....., HEREINAFTER DESIGNATED AS THE LESSEE.

WITNESSETH: THAT THE SAID FAIRHOPE SINGLE TAX CORPORATION, FOR AND IN CONSIDERATION
OF THE ANNUAL RENTALS AND COVENANTS HEREINAFTER MENTIONED, HAS THIS DAY LEASED TO AND
AND LESSEE TAKEN POSSESSION OF THE FOLLOWING DESCRIBED PORTION OF LAND TO WIT:.....

....., SECTION....., TOWNSHIP 6 SOUTH, RANGE 2 EAST, BALDWIN COUNTY
ALABAMA, FOR THE TERM OF NINETY-NINE YEARS FROM THIS DATE UPON THE FOLLOWING TERMS TO WIT:

(1) The said lessee, his heirs or successors, shall pay to the said Fairhope Single Tax Corporation, its successors or assigns, in equal
payments, on the first days of January and July of each year, the annual rental value of said land, exclusive of his improvements thereon,
to be determined by the said Corporation through its Executive Council or Board of Directors, under its avowed principle of so fixing the
rentals of its lands as to equalize the varying advantages of location and natural qualities of different tracts and convert into the treasury
of the Corporation for the common benefit of its lessees, all values attaching to such lands, exclusive of improvements thereon. And the said
lease, for himself and his heirs, hereby expressly agrees that the said annual rent shall be determined by the said Corporation upon the
principle just stated, and shall be expended by said Corporation, subject to the conditions hereinafter stated.

(2) The land herein leased shall be used for such purposes only as may not be physically or morally offensive to a majority of the resident
members of the Fairhope Single Tax Corporation, and the lessee shall be subject to such reasonable sanitary regulations as may be imposed
by the Executive Council or Superintendent of Public Health of said Corporation.

(3) In consideration of the payment of the rents herein provided for, the Fairhope Single Tax Corporation agrees with the said lessee
to pay all taxes levied by county and state upon the land herein described and on receipt of the County Treasurer's receipt for taxes paid
by him upon the improvements and other personal property held upon such lands—moneys and credits excepted—to give him a certificate of
equivalent amount, receivable from bearer at its face value on rent, or in the discharge of any indebtedness to the Corporation. Provided
that said lessee will appoint whomsoever may be designated by the Corporation as his agent to return his property for taxation, where per-
mitted by law so to do; and that in no event shall the Corporation be bound to pay taxes on any more than the fair valuation of the prop-
erty, on the basis required by law.

(4) And the said Fairhope Single Tax Corporation further agrees in consideration of the covenants of the said lessee herewith evidenced,
that no part of the rents paid by him upon the land herewith leased, shall be appropriated as dividends to its members or any other
persons, but that all shall be administered as a trust fund for the equal benefit of those leasing its lands.

(5) And the said Corporation still further agrees, that in the distribution of the benefits which its purpose is to secure for residents
upon its lands, no distinction shall be made between individuals, whether members of the corporation or not, but that with the exception of
the right of members as participants in the government of the Corporation, all shall be treated with strict equality.

(6) It is agreed by the parties hereto, that time is of the essence of this contract. All rents not paid within ninety days of the time
the same become due, shall be subject to a penalty of one per cent per month until paid; and the lessor shall have a prior lien on all im-
provements upon the land herein leased, to secure the payment of the rent and for the payment of all other indebtedness of any description
whatsoever, by the lessee to the lessor. If the land leased be unimproved, or in the judgment of the Corporation the improvements thereon
be not of sufficient value to secure the payment of the rent and cost of collecting same, then, in such event, all rights under this lease
shall be subject to forfeiture without notice, after the rents shall have been due and unpaid for ninety days; and the improvements, if any,
shall revert to the lessor. Upon failure to pay the rents, or any portion thereof, for six months after the same become due, the lessor is
hereby authorized to sell at public sale the improvements on any leasehold, for satisfaction of the amount due, after first giving ten days'
notice by one publication in some paper published at Fairhope, Alabama, the cost of such publication and the making of such sale to be paid
with the rent out of the proceeds of such sale, and the remainder, if any, to be returned to the lessee or such other person as may be author-
ized to receive the same. The lessor, its agent or attorney, may conduct such sale; and the party so conducting the sale is authorized to
take, in the name of the lessee, proper conveyance of the property so sold. The lessee hereby waives all right of exemption of any prop-
erty as against the collection of any debt due under this contract. The sale of the improvements under legal process shall work a forfeiture
of all rights under this lease.

(7) The Fairhope Single Tax Corporation agrees that in case of its dissolution, either by voluntary act of its members or otherwise, and
the division of its assets among its members, the said lessee, if a member, shall be entitled to have the land herein described and leased—or
much of it as he may designate—included in his portion, at its actual value at the time, exclusive of improvements thereon, and if it
exceed in value such portion, to purchase the excess at such valuation. If not a member, the lessee may at such time acquire title to the land
herein leased by paying to the Corporation its actual value exclusive of improvements upon it.

(8) The Fairhope Single Tax Corporation believes its title to the land herein leased to be good, and will use every proper means in its
power to maintain the same; but it is distinctly understood that the Corporation, acting only with the benevolent purpose to secure land and
administer it for the benefit of those who may desire its use, shall not be held liable for any losses resulting from defects in its title.

(9) The right is reserved by the Fairhope Single Tax Corporation to resume possession of all or any portion of the land herein described for public purposes only, on payment of the appraised value of the improvements thereon.

(10) Should it become necessary to determine the value of said land or of the improvements thereon, in compliance with the provisions of Sections 3, 7, or 9 of this lease, the same shall be determined by a board of arbitration, one to be chosen by the Fairhope Single Tax Corporation, one by the lessee, and a third by the two.

(11) This lease is assignable only to members of Fairhope Single Tax Corporation, or to persons acceptable to it. Assignments must be filed for record in the office of the Corporation, and the person to whom the assignment is made becomes the tenant of the Corporation. It is not the intent of this provision to interfere with the temporary sub-letting of this property or any portion of it.

(12) Surface rights only are hereby leased. All mineral rights are reserved by lessor.

IN WITNESS WHEREOF, THE PARTIES HEREUNTO HAVE SET THEIR HANDS IN DUPLICATE, THIS.....

FAIRHOPE

THE SOMERS SYSTEM AS APPLIED IN FAIRHOPE

The Somers System is used in making appraisements of rent in Fairhope. An explanation of the same follows:

Under this system the street frontage figures given represent in the judgment of the appraisers, the comparative value of the frontages on the different streets and in different blocks. These figures being percentages of 100, in multiplying by them the decimal point is placed two places from the right, thus: 50 (feet frontage) \times 50 (block front rate), equals 25.00.

These figures do not represent the rent, but the rent is ascertained by multiplying the sum of the first multiplication by a pre-determined figure (this year .3875). This gives the rent for a lot in the middle of the block, 100 feet deep; thus:

50×50 equals 25.00; $25 \times .3875$ equals \$9.69, annual rent.

If the lot is on a corner, or is over or under 100 feet, tables calculated by Mr. Somers enable the proper charge to be readily made.

Where street frontage rates are given on streets on which acreage property fronts, the street frontage rate applies only to the first 132 feet, the balance being figured at the acreage rate.

LESSEES AND RENT CHARGES

Fairhope Single Tax Corporation

1921

To Lessees

Fairhope Single Tax Corporation:

Herewith is submitted to you the rent list for 1921, as revised by the Colony Council at various meetings.

In the light of the experience of many years of the difficulty of getting committees unfamiliar with the rent appraisements and not advised as the Council must necessarily be, of the trend of population and development, from applications for land coming before it; the values placed upon the various blocks and tracts for taxation by the Tax Adjuster and the requirements upon the Colony for payment of taxes for lessees under its lease contracts, the Council felt justified in considering itself as a proper committee to make the assessment, as indeed provided by the constitution and lease contracts.

The adjustments made by the Council on street frontage percentages, the base of the rent appraisalment under the Somers System, were done to adjust what seemed clear to the Council were manifest inequalities in previous appraisements; as for instance: a dropping from 40 on Fels ave., to 20, or one-half, on Gaston and Morphy avenues, only one block away, and to 10, or one-fourth, on White avenue, two blocks away; also from 25 on Oak street, to 15, or 40 per cent. on Kiefer street one block north, and 10, or 60 per cent. on Powell and Blakeney streets, 2 and 3 blocks north.

The general increase of 25 per cent. on the equalized assessment the Council deemed not only obviously necessary to the carrying out of the fixed purpose of the Colony of taking for the common benefit of its lessees the value attaching to its land, because of increased demand of increasing population; (the government census showing an increase of 43 per cent. in population in ten years) but as absolutely necessary to enable the Corporation to meet the demands of the state, county and municipality upon Colony and lessees.

In this connection your attention is called to the fact that an extra three mills tax for school purposes, was voted in the district, (covering the Colony's land in the Town and much of that in the country) by the citizens and an extra 5 mills—or an increase of 100 per cent.—in the Town.

The Colony has not objected and does not object to these increases but as they must be paid by the Colony for itself and its lessees under its plan and can only be met from rentals, it is self-evident that they cannot be met without considerable increase in rentals.

Your attention is further called to the fact that a very small percentage of the Colony's revenue is consumed in its administration, salaries of its officers not having been recently raised, in spite of increasing demands upon them and the great advances in wages generally. Also that the entire rent fund is treated as a "trust fund" to be expended by the Council for the benefit of lessees, none being drawn off to the private benefit of any

persons and that the larger the rentals the larger the fund available for common needs.

For the Executive Council
E. B. Gaston, Secretary.

NOTES.

1. At the head of each block in-town, is given the percentage rate, per front foot for 100 feet deep, on each front foot of the block, "n" meaning north, "e" east, "w" west, "s" south. Where the frontages have been changed, the change is shown.

2. The name of the lessee given is as appears upon the Corporation books. In some cases others are in possession under agreements by which the leases are not transferred until fulfilment of certain conditions.

3. The standard size of lots in a block is given, thus "66x132."

Rents are payable in equal semi-annual instalments, due January 1st and July 1st, and are subject to a penalty of one per cent per month when delinquent. Payments due Jan. 1, will be subject to penalty if not paid by April 30th, and payments due July first, if not paid before Oct. 31st.

PLAN OF ARDEN, DELAWARE. THOMAS ARDEN LEGEND

Figures represent acreage per thousand square feet for year 1912
Dotted lines are only approximate as survey has not been completed

ARDEN

OF the seven enclaves, Arden in Delaware ranks next to Fairhope in importance and in age. It is located six miles north of Wilmington and 19 miles south of Philadelphia, being three-eighths of a mile from the station on the Baltimore and Ohio Railroad now called Harvey. It had its beginning in 1900, when Frank Stephens and William Price, who were seeking a site for a village colony, bought 162 acres of land, partly encircled by a beautiful creek. Delaware River is visible from Arden, the highest land in the state being in or just outside the enclave. The purchase price of land and buildings was \$9000, of which \$2500 was paid in cash and the balance by mortgage, subsequently taken up by Joseph Fels. This mortgage was made to apply to only 70 acres (woodland) out of the 162, leaving all the part now built upon free from encumbrance. Price and Stephens considered that the \$2500 represented the value of the buildings, thus making the value of the land itself \$6500.

“For the first five years,” to quote from the booklet of Arden, “the reward won by the pioneers was very meagre. The community did little more than vegetate and hold its own. But in 1905 the boom began, and in 1906 the Inn was established on a firm basis, and homes sprang up in all directions. To this activity the panic of 1907 produced only a temporary setback. In 1908 the growth of Arden went on apace, and on August 1, 1909, every foot of open ground had a leaseholder, and many applications could not be filled.”

At the present time there are about 140 leaseholders and about 100 dwellings. Many of the latter are substantially built and intended for permanent use, while others are bungalows suitable for summer occupation only. The summer residents number about 350 and the winter residents about 100. All the land not in the

ARDEN

parks (which contain nearly half the whole enclave) is under lease with the exception of an acre or two. The rents as collected vary from \$25 to \$76 per acre. The amounts of the annual rentals are determined by the use of the Somers System developed to meet local conditions, Arden being the first of the enclaves to employ that system. As used at Arden it includes the basic principle of the Somers System, namely that of a land unit, the expression of judgment of values as compared with that unit, and the submission to community opinion of relative values.

“The trustees of Arden hold the title to the land and represent the community before the law. They pay all the state and local taxes and the expenses of the trust, and then turn the balance over to the community, which elects three townsmen and seven assessors by the Hare System, a clerk and an accountant.¹ The money so turned over is to be applied ‘to such common uses, desired by a majority of the residents, as, in the judgment of the trustees, are properly public, in that they cannot be left to individuals without giving one an advantage over others.’ The townsmen have authority, subject to the control by the general meetings, and serve until their successors are chosen, the election being always for the full board, the same being true of the assessors. Thus in the part administered by the townsmen, Arden exemplifies a thoroughly representative yet democratic system.”²

The prospectus sets forth the following claims:

“Arden Village has a land system recognizing the common right of all to the use of the earth; has a tax system which does not fine labor and thrift or encourage land speculation and monopoly; has a scientific plan of assessment based upon the Somers System, with publication of assessments; has had equal suffrage since its foundation . . . ; is the first community in the

ARDEN

United States to establish a Raiffeisen banking system based on character, not 'collateral;' has never issued bonds, granted an exclusive privilege, or had a public debt, except for a part of the original purchase price of the land; acts on a definitely stated principle as to the functions of government and the rights of individuals, that the government should do nothing which an individual can do without the power of government."

Arden is largely a residential community, many of the people earning their living outside its limits. The water supply of the village is under private control, the Arden Water Company being an independent concern to which the village as such contributes nothing. It has been financed by the sale of stock among the leaseholders interested and has cost about \$7200.

The Arden Club, divided into ten guilds, represents many of the activities of the village: Esperanto, music, camp-fires, lectures, Shakespearean plays in the open-air theatre, pageants, and athletics are prominent. The Arts and Crafts Shop is a substantial building, which affords opportunity for the artistic activities favorably known as Arden Crafts. Frank Stephens, founder of the colony, has been especially interested in the village smithy, which employs the village blacksmiths from the countryside. The Arden wrought iron is known in the Arts and Crafts Societies in the East, and is a distinct type because of its simplicity and usefulness. Donald Stephens has charge of the furniture making and wood carving. Miss Maude Rhodes has revived Colonial weaving of fabrics, which she has developed into articles of modern use. She studies dyeing in connection with weaving, and is having success. She adopted the Arden idea of simplicity of design, and her work found immediate favor.

The Arden Craft Gild numbers others, who either work at home, or who, as is true of a group of artists resident in Arden, contribute of their spare time to the work. The Gild believes with

the great English craftsman and prophet, William Morris, that it is "right and necessary that all men should have work to do which shall be worth doing, and be of itself pleasant to do, and which should be done under such conditions as would make it neither over-wearisome nor over-anxious."

Another outstanding feature of Arden is the Raiffeisen Gild, the following account of which comes from an official source.

"The Raiffeisen Gild of Arden, Delaware, is the Village Credit Union, and is so named as the first rural credit union in this country to follow the plan originated about the middle of the last century by Burgomeister Raiffeisen of the village of Heddendorf, Germany, which plan has been successfully followed in Germany, Austria, Italy, Ireland, and certain of the provinces of India. It was claimed before the war that over 2000 of these banks had done business in Germany without losing a mark, and that in Italy their effect had been wonderful in the increase of sobriety and neighborliness among the peasants. A peculiar feature is that unlike the land mortgage banks they serve even the landless laboring classes and those most in need of help, for their security is not collateral but character, their faith being, in the words of the Italian financier, Luzzatti, 'the best security is the moral worth of the members.'

"The Raiffeisen Gild of Arden was organized in April, 1911. . . . Its object is to lend money to its members for protective purposes by utilizing their credit through coöperation and the pledge of their unlimited liability in borrowing, which necessitates its operations being confined to a group of neighbors well acquainted with each other, as in Germany to one village and in Ireland to the people of one parish. In this organization, therefore, the members are residents of Arden and its immediate vicinity, known to their neighbors to be people who keep their promises and pay their debts, and this membership elects a Coun-

ARDEN

cil of five who manage the Gild's affairs, other officers being a clerk who keeps the accounts and three inspectors who audit them twice a year.

"The Credit Union operates by borrowing on the joint promissory note of the Council, heretofore at 5 per cent, but now at 6 per cent, and by lending to members by unanimous vote of the Council at a sufficiently increased percentage to pay running expenses. The would-be borrower fills out a printed application specifying "some protective purpose or saving to the buyer," and offers as the only security asked his note signed by two neighbors as sureties who are satisfactory to the Council. There are no dividends or profits, all surplus being carried as a central fund. The result of its operation along these lines has been that in the nine years since its organization the Raiffeisen Gild of Arden, now having a membership of 48 men and women, has increased its original capital from \$1500 to about \$8000, of which \$136 is credit in the interest account and \$354 accumulated as a central fund. It has made loans to its members, principally for building or starting in small industries, totaling something like \$40,000, which loans have been repaid by partial payments every six months with a cost to the borrowers heretofore of 6 per cent net, without other charge or discount of any kind, or other collateral than the personal characters of the borrower and the sureties in the community. During the nine years the Gild has never had any default or loss whatever, and every indebtedness has been paid when due.

"This is largely due to the care with which the loans have been made, and the friendly feeling developed among those interested, the Gild Council who make the loans being, like the rest of the membership, pledged to unlimited liability for all they possess to those who loan to the Gild. With reference to this liability, it is estimated that the individual members own buildings in Arden

ARDEN

to a value exceeding \$80,000. The present Council consists of William Worthington, Jr., as Gild Master, he holding an important position in the Curtis Publishing Company, Robert P. Woolery, owner of the Arden grocery store, Haines D. Albright, Assistant City Solicitor of Philadelphia, Walter E. Sweeting, owner of the Atlas Storage Warehouse in Philadelphia, and Donald Stephens, craftsman and owner of the Arden Craft Shop. Applications for loans for building operations and business are now so many that the Gild desires to borrow in such amounts as are offered and for terms of three, five, or ten years, at 6 per cent, from \$8000 to \$10,000."

The following figures show the recent growth of Arden, earlier data being unobtainable:

chairman, Haines D. Albright, W. Worthington, Jr., Robert McKinstry, H. M. Hoeffler, Guy Nearing, and Fred Whiteside, secretary.

In the year 1921 the Trustees of Arden, to protect the swimming pool, hired a strip of 25 feet on the side opposite Arden, at an annual rental of \$50. This transaction, though unimportant in a financial sense, is noteworthy as being the first case of hiring land that has come to our attention in connection with any enclave. It appears to be justified under the clause of the deed of trust concerning common uses, as would also have been a purchase of the title.

It is proposed to increase the land rents next year to an amount approximating \$7000 as estimated by the assessors, whose judgment has been concurred in by the town meeting.

DEED OF TRUST

THIS indenture made the thirty-first day of January, A.D. 1908, witnesseth that whereas heretofore to-wit, October 17, A.D. 1901, George F. Stephens of the city of Philadelphia and State of Pennsylvania did, by deed bearing date aforesaid and recorded in the Recorder's office at Wilmington in the State of Delaware in Deed Record V, Vol. 18, p. 36, etc., convey unto William L. Price, Frank Martin and George F. Stephens, all of the city of Philadelphia aforesaid, all these three certain pieces or parcels of land, with the buildings thereon erected in Brandywine Hundred, New Castle County and State of Delaware, bounded and described as follows, according to a survey made by W. A. Kimmey on the thirtieth day of May, A.D. 1900.

.

Containing twelve acres, two roods and twelve perches of land, be the same more or less.

.

Containing eighty and one-fourth acres of land, be the same more or less.

.

Containing with said bounds seventy acres, one rood and eleven perches of land, be the same more or less, excepting hereout of this last described tract a certain cemetery or burying ground, situated on the westerly side of said Grubb's Landing Road. And whereas the said buildings were inadvertently conveyed unto the said William L. Price, Frank Martin and George F. Stephens, the true desire

of the parties to the said deed being that the land should be vested in the said William L. Price, Frank Martin and George F. Stephens as trustees, but the title to the houses thereon erected should be and remain in the original owners thereof, now, therefore, the said William L. Price, Frank Martin and George F. Stephens do hereby convey, assign, give and set over unto George F. Stephens and William L. Price their heirs and assigns all buildings formerly owned or erected upon the land aforesaid by them to have and to hold to and for their own use and behoof.

And whereas the said conveyance of said lands was made upon certain trusts which it is desired by the parties aforesaid to restate and amend, the said lands are hereby declared to be held by the said William L. Price, Frank Martin and George F. Stephens, upon the following trusts and upon them only viz.: in trust to lease such portions of said land as may seem good to the said trustees and their successors, to such persons and for such terms as they the said trustees shall determine, the lease in each case to reserve, as rent, the full rental value of the premises demised by said lease; to pay all State and local taxes out of and from the rents received so far as these suffice; to suffer all persons to whom land shall be leased as aforesaid, who constitute a community so long as they continue such lessees, to enjoy and use for common purposes such of the lands which are the subject of this deed as the trustees aforesaid shall not have demised to individuals or devoted to purposes other than common; to apply all sums of money received as rents, in excess of the amount needed for the purposes of paying the taxes, to such common uses, desired by a majority of the residents as in the judgment of the trustees are properly public, in that they cannot be left to individuals without giving one an advantage over others; and in further trust if at any time in the judgment of a majority of the residents agreeing with a majority of the trustees the community shall not warrant its continuance to declare the dissolution thereof, and thereupon to sell the land aforesaid and, after repaying to William L. Price, George F. Stephens and Joseph Fels the amount originally advanced by them for the purchase of said land from David F. Derickson, who made title therefor to George F. Stephens by deed dated June 12, A.D. 1900, and recorded in the Recorder's office at Wilmington in the State of Delaware in Deed Record G, Vol. 18, page 345, etc., to devote the purchase money to such purpose as shall be approved by said trustees. And the said trustees shall have power subject to the approval of a majority of the residents to supply all

ARDEN

vacancies which may occur in their number, which it is intended shall always be and continue to be three; it being expressly hereby provided that upon all questions requiring the exercise of discretion on the part of the trustees, the action of a majority, after an opportunity has been given to all to express their opinions, shall be valid and binding upon all.

Assessment of Arden Land Rents for 1921

TO THE ARDEN FOLK:—

The value of the lots marked 100% on the plan is adjudged to be \$1.10 per thousand square feet, in addition to such additional value as is derived from the factors of corner location, abutting woods, commons, creek or finished highways

The relative value of all lots, aside from advantages due to corners, woods, commons, highways, improvements and creeks (which are separately appraised) is adjudged to be the percentage of the value of the most desirable lots (to wit, the percentage of \$1.10 per thousand square feet) which is indicated by the percentage figures on the Plan, which is submitted herewith and made a part hereof.

The factor of corner locations is adjudged to increase the value of 10 000 square feet of each corner lot, and where the corner is formed by the intersection of two roads is adjudged to amount to six cents per thousand square feet where the relative percentage of the lot is between 90% and 100%; five cents where between 80% and 90%; four cents where between 70% and 80%; three cents where between 60% and 70%; two cents where between 50% and 60%, and one cent where less than 50%. Where the corner is formed by a path and a road, the corner factor is adjudged to be one-third of the full rate. No lot is deemed to be measurably benefitted by having more than one corner.

The factor of access over finished foot-paths and cartways is adjudged to amount to twenty cents per thousand square feet where the access is over a finished cartway; ten cents per thousand square feet where there is a finished foot-path immediately in front of the lot, and six cents per thousand square feet where there is a finished foot-path on the far side of an unfinished cartway; twenty-six cents per thousand square feet where there is a finished cartway with finished foot-paths on both sides; twenty-four cents where there is a finished cartway and a finished foot-path on the near side, and twenty-two cents where there is a finished cartway and a finished foot-path on the far side thereof. Lots which have access to finished highways through more than one front are adjudged to be benefitted by each additional access to the extent of one-half the regular rate. Meadow Lane is adjudged to be a finished cartway which affects all lots which it intersects or touches, and Lovers Lane is adjudged to be a finished foot-path.

The advantage to lots abutting on Naaman's Creek is adjudged to amount to an additional twenty cents per thousand square feet.

The advantage to lots abutting on Woodland Forrest or Sherwood Forrest is adjudged to amount to an additional ten cents per thousand square feet.

The factor of immediate proximity to Woodland Green is adjudged to amount to two cents per foot of frontage in those cases where the frontage overlooking the Green is twenty-five feet or more and to fifty cents where the lot corners on the Green or has a frontage thereon of twenty-five feet or less.

The factor of immediate proximity to Sherwood Green is adjudged to amount to one cent per foot of frontage in those cases where the frontage overlooking the Green is twenty-five feet or more and to twenty-five cents where the lot corners on the Green or has a frontage thereon of twenty-five feet or less.

TAHANTO

THE first application of the Single Tax in Massachusetts was made on June 9, 1909, when two lots of land in Harvard were leased by the owner to Ellen Mongovin for the economic rent. Harvard is a country town of picturesque hills and valleys, adjoining the railroad centre of Ayer, and embracing within its limits the greater part of Camp Devens. It is about 32 miles west of Boston, with which a state road connects it, and about 25 miles northeast of Worcester. To the two lots originally leased others were added, until, in less than three years (April 15, 1912), 166 acres were under Single Tax, occupied by eight tenants who paid a total rent of \$575. At that time the title to the land passed to Lewis Jerome Johnson, William L. Price, and Fiske Warren, as Trustees of the enclave of Tahanto.

The acreage of the enclave has expanded until at the present time (1922) 638 acres are included. About four-fifths of the lessees use Tahanto only for residence, usually in the summer, while the others make their living on the premises. Six of the houses are supplied with electricity and water by an electric light plant and water-works, all privately owned.

Tahanto lies on the shore of a lake covering 500 acres, and has an altitude varying from 320 to 600 feet; an isolated section adjoins Shakerton. The higher elevations afford wide and attractive views. The lake furnishes opportunity for boating and canoeing, fishing, bathing, and, in the winter, for skating. An island with an area of one and a half acres, on which are six cottages, belongs to the enclave. In 1918 over 200 acres of the enclave became part of a state reservation under authorization of the Massachusetts Commissioners on Fisheries and Game. The products of Tahanto are boxes, lumber, and notably apples, Harvard having the reputation of being one of the two or three best apple towns in the state.

TAHANTO

As the deed of trust provides that the community cannot be organized until ten lessees have signed the constitution, organization was not effected until September 22, 1917, entire responsibility having previously resided in the Trustees.

A unique feature of Tahanto is its rent-charges, a policy adopted to facilitate the purchase of additional land. A rent-charge is an obligation resting on the total rent of the enclave, bearing interest at about 7.1 per cent, and running for 99 years. The security afforded the purchaser is essentially that of the owner of an ordinary mortgage. When an individual holds rent-charges yielding annually \$100 or more, deci-annual payments are made, that is, the payments come ten times a year at certain specified dates. If the income is less than \$100, payments are made on one or more of these dates. A peculiarity of a rent-charge is that the income therefrom, while never less than \$10, may be added to, owing to a provision by which the fixed payments shall be increased by such amount as shall represent the decrease of the average purchasing power of money in a given year, the fact and amount of such decrease being in the determination of the Trustees. Under this provision the last distribution of additional payments increased the fixed payments on rent-charges of the year 1918 by 4 per cent; of the year 1916 by 62 per cent; of the year 1915 by 95 per cent; and of the years 1914 and 1913 by 103 per cent.

These securities have been running since 1912, and have not missed a single payment. An additional advantage of rent-charges is that under the law of Massachusetts they are exempt from the exactions of the state income tax, as they represent rent from land. This system of rent-charges explains the rapid growth of the area of the enclave. During the fiscal year ending March 31, 1921, rent-charges requiring annual payments of \$860 have been sold by the Trustees at \$140.73, yielding 7.098 per cent;

TAHANTO

one for \$10 was sold in the open market at \$139.60, yielding 7.156 per cent; and two for \$10 each were sold at \$140.64 and \$140.40, yielding 7.103 and 7.115, respectively, the average price of the last two being \$140.52.

The rent-charges outstanding March 31, 1921, amounted to \$1780, the present worth of which, reckoned at 6 per cent, was \$29,594. The capitalized rent for the year in question was \$88,133. Applying the rule stated in the Declaration of Trust, Article Third, (1), (i), (page 98), the borrowing power was \$83,336. Including rent-charges in the same category with loans, the total obligations of the Trustees on the above date, reckoned at 6 per cent, had a present worth of \$45,419, which is 55 per cent of \$83,336.

All state, county, and local taxes which are included in the town tax-bills are refunded to the members of the community. Beginning in 1917 and each year thereafter there has also been made a refund of part of the income taxes, both state and national. Tahanto resembles Fairhope, therefore, in providing for the taxes of lessees by way of a refund, while Arden makes direct payment. There are nine cases in which the taxes refunded exceed the rent.

By vote of the community, land under forests may be exempt from rent payment until the wood is cut, a provision which makes forestry practicable for the man of ordinary means. The Rochdale Society of Tahanto was organized November 17, 1915, which, although its volume of business has been limited, has yet shown a constant profit. In 1919 it declared a dividend of 4 per cent on purchases, and in 1920 one of 5 per cent. Its capital on March 31, 1921, was \$457. The Constitution, By-laws, etc., of the Society are practically the same as those of the Rochdale Society of Halidon. (See pages 151-157.) There never has been a case of infant mortality in Tahanto.

On April 21, 1921, an association called Sheep Island Associates was legally organized, the membership being limited to holders of leases from the Trustees of Tahanto of land on Sheep Island, or to owners of improvements thereon. The object of this association is to control for community purposes the land on Sheep Island not already leased to individuals; and a lease of such land was granted to Sheep Island Associates by the Trustees of Tahanto, June 21, 1921.

The drawing of the legal documents for Tahanto, Halidon, Sant Jordi, and Shakerton was done by William H. Dunbar, Esq., of Dunbar, Nutter & McClemmen, Boston, to whom acknowledgment is also due for other invaluable services.

Price, of Moylan, Pennsylvania, and Fiske Warren, of Harvard, Massachusetts, as joint tenants and not as tenants in common; and

WHEREAS, said Johnson, Price, and Warren, hereinafter called the Trustees, have accepted said conveyance on the trusts hereinafter set forth;

TAHANTO

NOW THEREFORE we, the said Trustees, do hereby declare that we hold and stand seized of said real estate, and covenant with said Austin T. Wright, and all persons who may become interested hereunder, that we will hold and stand seized thereof and of all other real estate or personal property that may hereafter be conveyed to us as such Trustees for the following purposes and upon the following trusts, to wit:

Name of Trust FIRST: The Trustees under this instrument shall be known as the Trustees of Tahanto.

SECOND: The Trustees shall from time to time set apart for public use by the members of the community hereinafter referred to such portions of the trust property not at the time leased as the *Use of Property* community shall by action duly taken in accordance with its organization from time to time determine, and from time to time withdraw from such public use any of such property in accordance with directions given in like manner by the community; the Trustees shall from time to time grant leases for ninety-nine (99) *Leases* years or shorter terms of such portions of said land not at the time reserved for public use as they think fit, and the community hereinafter referred to, if in existence, approves, to such persons, including corporations, as may apply therefor and may be approved by said community, or, if there is at the time no organized community, by the Trustees. Such leases shall:

(1) provide for an annual rental equal to the full economic rent of the *Rental* land leased, such rental to be determined from year to year by the Trustees until there is an organized community as hereinafter provided for, and, whenever there is such an organized community, by it, in such manner as its organization may provide; any leaseholder aggrieved by the action of the Trustees or of the community fixing the rent to be paid by him in any year, may require an arbitration to fix the amount of the rental; the Trustees may if *Arbitration as to Amount* they deem the rent to be paid by any leaseholder in any year as fixed by the community too low, require an arbitration between themselves and such leaseholder to fix the amount of the rental, or, if they deem the rent too high, may require an arbitration between themselves and the community to fix the amount of the rental; every arbitration shall be in the manner provided in this deed of trust and the decision of the arbitrators fixing the rent shall be final;

TAHANTO

(2) provide that all improvements made upon the leased land shall be the property of the Lessee, and may be removed from the land by the Lessee or by any purchaser thereof from the Lessee at any time before the termination of the lease, if the rest is not then in arrears, and if sold to a new tenant of the same land before right of removal terminates may be held by the latter with the same right of removal as if made by him;

(3) provide that the Trustees will from the income received from all land from time to time held by them to the extent of such income pay all taxes and assessments that may be lawfully assessed upon all the land from time to time so held by them and upon all improvements thereon, whether assessed as real estate or personal property, and all interest upon any mortgage or other incumbrance covering such land or any of it;

(4) provide that the Trustees may in their discretion, in the name and behalf of any Lessee, apply for and prosecute any proceedings for an abatement of any tax or assessment assessed to such Lessee which under the terms of the lease would be payable by the Trustees;

(5) provide that all or any part of the property leased to any person by the Trustees may at any time by action of the community, when there is an organized community, in such manner as its form of organization may provide, be taken for any public use for the community; in case of any such taking the community shall award damages for such taking if the Lessee has suffered any damage thereby; in case the Lessee is dissatisfied with the sum awarded, the damages to be paid shall be determined by arbitration;

(6) provide that the lease may be terminated for violation of such reasonable ordinances as the community may from time to time enact and declare to be a cause for termination, and as the Trustees approve;

(7) provide that every leaseholder by acceptance of a lease becomes a member of the community if there is an organized community and accepts its constitution and ordinances. The leases shall be substantially in the form hereto annexed, except so far as the Trustees may from time to time, with the approval of said community, change the provisions thereof other

TAHANTO

than those enumerated above. The Trustees, with the approval of the community, may with consent of the individual Lessee change such excepted provisions as to any particular lease.

THIRD: The Trustees shall have the following powers and obligations:

(1) They shall apply the income received by them from all the land from time to time held by them in trust to the following purposes, in the following order, payments in each class to be made in full or ratably if they cannot be made in full:

Use of
Income (A) They shall pay all taxes and assessments that may be lawfully assessed upon all the land from time to time so held by them and upon all improvements thereon, whether assessed as real estate or personal property, and all interest upon any mortgage or other incumbrance covering such land or any of it.

(B) They shall pay all the reasonable and proper expenses, other than those herein specifically enumerated, of administering their trust, but not including any compensation for their own services.

Taxes (C) They shall pay annually to Fiske Warren or his executors, administrators or assigns, a sum not less than eighty-three and 82-100 (83.82) dollars until the total sum of eight thousand and three hundred and seventy-six and 42-100 (8376.42) dollars shall, together with interest on the unpaid balance each year at the rate of three and one third ($3\frac{1}{3}$) per cent per annum, have been so paid, and shall pay in like manner to said Fiske Warren as to land acquired from him after April 15, 1912, and to any other person from whom land may hereafter be acquired such sum by installments, including interest on the unpaid balance as agreed upon, as may at the time of such acquisition be fixed. If at any time any land adjoining the trust property comes under a single tax system, and the community is of opinion that the payment first above provided to said Fiske Warren puts the community at a disadvantage as compared with occupants of such adjoining land, the community may require an arbitration between it and said Fiske Warren, his legal representatives or assigns, to determine whether or not there is such a disadvantage, and if so whether such payment shall be discontinued or be reduced, and if reduced by what amount.

Payment to
Fiske
Warren (D) They shall pay such other sums as may from time to time by action of the Trustees be charged by agreement or otherwise on the annual rental.

TAHANTO

(E) They shall pay any indebtedness incurred in connection with acquiring new land or for money borrowed for the purposes of the trust as may become due and not be paid from other sources or be provided for by extension, loan or otherwise.

(F) They may reserve each year by action of a majority of the Trustees such sum, if any, not exceeding in any year ten per cent of the gross income for such year as such majority may determine to be set apart, as a contingent fund and used at such time thereafter as such majority think proper for any purpose authorized by the trust, including acquisition of additional land and property thereon.

(G) They shall pay all taxes and assessments on tangible personal property situated on the trust real estate belonging to members of the community, or to persons who if fifteen (15) years of age would be members of the community, other than improvements.

(H) They shall pay all poll taxes assessed for that year upon members of the community.

(I) They shall distribute at such time in such year as they think fit such amount, if any, as they think fit, but not exceeding a sum bearing the same proportion to the tax assessed by law the preceding year on the real estate held in trust, exclusive of all buildings thereon, that the aggregate tax in Massachusetts for the preceding year on personal property and on income bears to the aggregate tax in Massachusetts for the preceding year on real estate, exclusive of all buildings thereon, equally per capita except as hereinafter provided, among all persons who in the preceding year were Lessees or members of the community and paid a tax under the laws of Massachusetts as residing on the trust estate upon personal property other than tangible property of the kind above specified, or on income, provided as to each person that such payment shall be made only on written demand made therefor between July 1 and December 31 of the year preceding the year in which such payment is to be made. Such distribution shall be made in equal shares per capita, except that no person shall receive a sum in excess of the taxes, or such fractional part thereof as the Trustees may fix, so paid by such person in such preceding year on such personal property and income; any such excess of an equal share shall be divided equally among the other shares subject to the same limitation. The Trustees shall also distribute such amount, if any, as they think fit, not exceeding a sum bearing the same proportion to the tax assessed by law the preced-

TAHANTO

ing year on the real estate of the trust, exclusive of all buildings thereon, that the aggregate United States income tax collected in Massachusetts in such preceding year bears to the aggregate tax in Massachusetts for such preceding year on real estate, exclusive of all buildings thereon; such last named distribution shall be only to persons who in such preceding year were Lessees or members of the community or paid an income tax to the United States as residing on the trust estate; such distribution shall be made only on like written notice and in the same manner above provided, except that no person shall receive a sum in excess of the income tax or such part thereof as the Trustees may fix so paid by such person, in such preceding year.

(2) After making the foregoing payments the Trustees shall pay over any surplus remaining to the community hereinafter referred to for

Public

Purposes

application to uses public in the sense that they cannot be left to individuals without giving one an advantage over others, and including hiring any real estate for public use and including the acquisition of additional real estate, together with whatever personal property may reasonably be purchased as a part of the transaction, to be held by the Trustees, who shall within a reasonable period sell any improvements that may be on the land so acquired, except so far as such improvements are retained for public use of the community. In case and whenever there is no organized community to which such income can be paid over, the Trustees shall themselves apply such surplus net income to such public uses for the common benefit of their lessees, or in their discretion may pay the same to the town of Harvard.

(3) The Trustees shall have power to acquire additional real estate on such terms as in their discretion they think fit, including power

Powers as to

Acquiring

Additional

Land

to purchase wholly or in part on credit, to take the same subject to a mortgage, or themselves to borrow money on the credit of such real estate and to mortgage the same as security, or subject to the provisions as to application of income above set forth to charge the rental received from such additional land, or from all or any part of the land held by them including such additional land, with a payment to meet the interest on any unpaid purchase money and to pay off the purchase price, or any indebtedness therefor or for money borrowed to acquire such land, but they shall have no authority to cre-

TAHANTO

ate any legal liability on the part of the community to pay for any such land or to create any legal obligation by which the rental of any land can be reached and applied, except by their voluntary act in charging the same as above provided, to satisfy any claim for unpaid purchase money. The Trustees with the approval of the community shall have power to suspend for such time as they think fit and the community approves the rent payable under any lease; the rent so suspended shall constitute a first lien on the improvements (including any growing timber) on such land, and shall be payable with interest at the expiration of the term of suspension or upon the earlier termination of the lease; such lien may be enforced by seizure of such improvements and sale thereof, or in any way authorized by law. The Trustees may pledge any suspended rent as security for money borrowed by them. The Trustees may, with the approval of the community, at any time sell any of the trust property not then under lease and convey the same to the purchaser free from any trust; the proceeds of any property so sold may be applied to any purpose to which surplus income is applicable, and no purchaser from the Trustees shall be responsible for the application of the purchase money.

(4) The powers of the Trustees as to borrowing shall include the power:

(A) to borrow money from time to time to an amount equal in the aggregate with all loans at the time outstanding to the value as determined by the Trustees of all the land owned by them, exclusive of improvements thereon, less a deduction of one (1) per cent of the value of each parcel for each year from the date of its acquisition to the date of such borrowing, to make every such loan on such terms as they think fit, and issue therefor such evidences of indebtedness as they elect, including, without restricting the generality of the foregoing words, bonds, notes and certificates of indebtedness; for the purposes of this provision the value of land shall be determined by multiplying the gross rent received during the preceding year by one hundred and dividing it by six or other figure representing the then legal rate of interest in Massachusetts; such right to borrow money shall include a right to borrow on the terms of paying a fixed sum yearly or oftener for a term of years of the life or lives of any person or persons, or other period, by way of interest and amortization;

(B) to secure any loan by mortgage of all or any part or parts of the land owned by the Trustees in such form and on such terms as they think proper, including power to make an open mortgage which

TAHANTO

shall provide for securing other indebtedness that may be subsequently contracted or other evidence of indebtedness subsequently issued, and including power to provide or not, as they think fit, as to any or all land so mortgaged so far as may be consistent with any lease or leases of any particular parcels thereof then in force or thereafter to be given that the mortgage shall or shall not, as the case may be, give any title to improvements then existing or that may thereafter be put upon such land or any parcel or parcels thereof;

(c) to extend any mortgage now or hereafter in force covering any of the trust property;

(d) in their discretion to insert in any lease hereafter given a provision, and to agree with any existing or future Lessee upon modifying such lease by including therein a provision, authorizing the Trustees to mortgage the land covered by such lease alone or with other land in the manner and upon the terms above specified;

(e) to relieve any person lending money to them from all obligation to see to the application of the money loaned or to determine any fact authorizing the action of the Trustees and by them alleged to exist.

(5) No person paying money as rent or otherwise to the Trustees shall be bound to see to the application thereof and no person in good faith receiving money from the Trustees shall be bound to inquire whether the payment is made in accordance with the terms of this trust.

FOURTH: The community herein referred to shall consist of all the persons not less than fifteen (15) years of age for the time being holding leases from the Trustees, the wife or husband of a *The Community* leaseholder, and of such other persons not less than fifteen (15) years of age residing on the trust estate, as may by the form of organization adopted by such leaseholders be associated with them. Such organization shall exist whenever not less than ten (10) leaseholders have so organized, and shall continue as long as such organization is maintained and not less than ten (10) leaseholders remain members.

FIFTH: Any Trustee under this instrument may resign his trust *Resignations* by instrument in writing delivered to his co-trustees or co-trustee and recorded in Worcester County, Massachusetts, Registry of Deeds. Whenever a vacancy from any cause ex-

TAHANTO

ists in the number of Trustees, the surviving or remaining Trustees shall by instrument in writing recorded in said Registry of Deeds appoint a new Trustee or Trustees, who shall upon confirmation by said community by a vote of a majority of such members as are present and vote at a meeting called for the purpose in such manner as the form of community organization may provide, or without confirmation if no organized community is in existence, forthwith and without the necessity of any conveyance become vested jointly with such surviving or remaining Trustees or Trustee with the same rights, powers, titles and estate as if originally appointed a Trustee hereunder. Pending the appointment of a new Trustee, the surviving or remaining Trustees or Trustee may exercise all the powers of the Trustees hereunder.

Action by Trustees SIXTH: Except as otherwise herein expressly provided, all action by the Trustees must be the unanimous act of all the Trustees for the time being, but any Trustee may delegate to another Trustee such part of his powers for such time as he thinks proper by instrument in writing, and the Board of Trustees may in like manner delegate to any one of their number such part of the powers of the board for such time as they think proper; any such delegation by a Trustee or by the Board may at any time be revoked by him or by the Board. Any Trustee may so delegate his power to act in respect to any matter, in which he has a personal interest, and may then deal with the Trustees free from any fiduciary obligation as to such matter.

Amendments and Termination SEVENTH: This declaration of trust may be amended or terminated at any time by instrument in writing executed by a majority of the Trustees for the time being and approved in writing by a majority of the members for the time being of the Community of Tahanto, but no such amendment shall impair any of the rights of a Lessee from the Trustees under his lease, or shall provide for any other distribution or disposition of the trust property free from the trust that is herein provided for.

Duration of Trust EIGHTH: Unless sooner terminated as hereinbefore provided, this trust shall continue until the expiration of twenty-one (21) years after the death of whichever of the following named persons dies last, to wit: said Lewis Jerome Johnson, said William L. Price, and said Fiske Warren; Jerome Allen Johnson and Chandler Willard Johnson, the last two being children of said

TAHANTO

Lewis Jerome Johnson; Margaret Lightfoot Price, William Webb Price, Ruth Kirk Price, and Catherine Price, the last four being children of said William R. Price, and Rachel Warren, Marjorie Warren, and Hamilton Warren, being children of said Fiske Warren.

*Final
Disposition
of Property* SIXTH: Upon the expiration or prior termination of this trust the Trustees shall convey all the trust property then in their hands, subject to any leases then outstanding, absolutely and free from any trust, to such person or persons or body corporate as a majority of the Trustees for the time being and a majority of the members for the time being of the community shall in writing determine, or, upon failure to agree, or, if for any reason there is no longer any community, then to the town of Harvard. Such conveyance shall be upon the terms that all leases at the time outstanding shall remain in force; the Lessees shall be bound to pay as rental such amount as may be agreed upon by them and the grantee of the reversion as the fair equivalent from time to time of the economic rent less any taxes and assessments required to be paid by the Lessee, which by the terms of the lease should be paid by the Lessor; in case the Grantee and Lessee cannot agree upon such equivalent it shall be determined by arbitration. If at the time of conveyance the payments to be made to said Fiske Warren, or to any other person for land acquired, have not terminated, the Grantee shall continue bound to make such payments to the same extent to which the Trustees would have been bound to make payments.

*Arbitra-
tion* TENTH: Wherever a reference to arbitration is provided for in this instrument, such reference shall be to three disinterested persons, each party interested choosing one out of three persons named by the other, and the third being selected by the two so chosen; the award in writing of a majority of the referees shall be conclusive and final upon the parties.

*Authentica-
tion of Facts* ELEVENTH: A certificate signed and sworn to by a majority of the Trustees for the time being and recorded in said Worcester Registry of Deeds, stating that certain persons constitute all or a majority of the members of said community, or reciting the existence of any fact the existence of which is required to authorize any action taken by the Trustees, shall as to third persons acting in reliance thereon be conclusive evidence of such statement therein contained or of the existence of such fact.

TAHANTO

TWELFTH: Whenever the approval of the community is required for any act, such approval may be given by majority vote of members present and voting at a general or special meeting. If *Approval of Community* and whenever there is no organized community in existence, the Trustees may exercise alone any power which by this instrument may be exercised by them with the approval of the community, or a majority of its members.

THIRTEENTH: Said premises conveyed to the Trustees by deed of even date herewith are in part subject to leases heretofore given thereon, none for a term continuing beyond December 31, 1915. The Trustees during the continuance of said several leases and at the end thereof will perform all obligations by the Lessor therein to be performed and observe all rights of the Lessees in respect to the leased premises and anything standing or growing thereon. Subject to the provisions of said leases, the Trustees will apply the rental therefrom in accordance with this declaration of trust which shall be applicable to said leased premises during the continuance of said leases respectively, so far as is consistent with the provisions of the several leases.

IN WITNESS WHEREOF, we, the said Lewis Jerome Johnson, William L. Price and Fiske Warren, have hereunto set our hands and seals this fifteenth day of April, A.D. 1912.

THE Trustees of Tahanto, under deed of trust dated April fifteenth, A.D. 1912, and recorded with Worcester County, Massachusetts, Deeds, Book 1992, Page 245, hereinafter called the Lessors, which expression shall include their successors in trust and assigns, wherever the context permits, hereby demise and lease unto

of _____, hereinafter called the Lessee, which expression shall include the heirs, executors, administrators and assigns of the Lessee, wherever the context permits, the following described parcel of land in Tahanto in the town of Harvard, in said Worcester County, *to wit*:

TO HAVE AND TO HOLD for the term of _____ years, beginning A.D. 19____, upon the following terms and conditions: The Lessee by accepting this lease becomes a member of the Community of Tahanto and accepts and covenants to be bound by

TAHANTO

the constitution and ordinances of said Community, and by all the provisions of said deed of trust including any amendments duly made thereto, and covenants with the Lessors :

1. To pay annually in advance to the Lessors, on the first day of April of each year, beginning April first next, as annual rent, a sum equal to the full economic rent for one year of said parcel of land, exclusive of improvements thereon, as such rent may from year to year be fixed by the Trustees or by the Community of Tahanto subject to revision by arbitration as provided in said deed of trust.

2. To observe and comply with and not permit any person to occupy or be upon the demised premises who fails or refuses to observe and comply with all reasonable ordinances and regulations that may from time to time be enacted by the Community of Tahanto in accordance with its constitution.

3. To permit the Lessors in their discretion, in the name and behalf of the Lessee, to apply for and prosecute any proceedings for an abatement of any tax or assessment assessed to the Lessee which under the terms of the lease would be payable by the Lessors.

4. To permit all or any part of the leased premises to be taken by said Community in such manner as its form of organization may provide for any public use for the Community, upon payment of damages determined in the manner provided in said deed of trust.

5. During the continuance of this lease not to cut or intentionally injure or destroy any tree growing on the demised premises that is more than four (4) inches in diameter at a point of eighteen (18) inches above the ground, without the written consent of the Trustees except that trees which were not growing on the demised premises April 15, 1912, may be cut and removed by the Lessee.

The Lessors covenant with the Lessee:

To apply all rent collected from the demised premises and from all other land leased by them under said deed of trust to the following purposes in the order specified:

(A) To the payment in full, or ratably if they cannot pay in full, of all taxes and assessments that may be lawfully assessed upon all the land from time to time held under said deed of trust, including improvements on such real estate, whether assessed as real estate or personal property, and of all interest upon any mortgage or other incumbrance covering such land or any of it;

TAHANTO

(B) To such purposes and in such manner as the deed of trust or any amendment thereof may from time to time provide.

It is agreed by the parties hereto:

a. All improvements upon the demised premises made or acquired by the Lessee shall be and remain the property of the Lessee and may be removed by the Lessee at any time before the termination of this lease, if the rent is not then in arrears, and may be sold by the Lessee to any person with a like right of removal, and if so sold to a new tenant of the land may be held by such tenant with the same right of removal as if erected by him; any purchaser may in like manner and under the same conditions sell such improvements. The Lessee or the purchaser of any improvements shall upon removing them be bound to leave the land in as good condition as when the improvements were first erected, and the Trustees may require reasonable security therefor as a condition of permitting such removal.

b. This lease may be terminated at any time by the Lessors for breach of any covenant by the Lessee continued for thirty (30) days after notice in writing demanding performance, delivered at or posted on the premises, except that there shall be no such termination for breach of the Lessee's covenant numbered 2 unless the ordinance or regulation violated is approved by the Trustees and declares that its violation shall be a cause for termination.

c. The Lessee may at any time terminate this lease by not less than sixty (60) days' notice in writing delivered to or posted, with postage prepaid, to the Trustees, but such termination shall not release the Lessee from obligation to pay the full year's rental if the termination takes place in the course of a year.

IN WITNESS WHEREOF, the Lessors as Trustees as aforesaid and not individually and the above-named Lessee have hereunto set their hands and common seal, which each of them hereby adopts, this — day of —, A.D. 19—.

Preamble.

We, residents or leaseholders of Tahanto, in order to establish a social system of progress, industry and mutual helpfulness, hereby organize a body politic under the following Constitution:

CONSTITUTION

ARTICLE 1.

This community shall be known as Tahanto, and its communal affairs, except as already provided for in the deed of trust, shall be administered by the people of Tahanto in public meeting assembled, and by such officers as they shall elect.

VILLAGE MEETING

ARTICLE 2.

Every natural person who is a leaseholder or resident of Tahanto not less than fifteen (15) years of age without discrimination on account of sex, and the wife of any leaseholder shall be a member of the community and entitled to a voice and vote at all village meetings, except any person legally entitled to be registered as a voter in the town of Harvard who is not so registered.

A regular meeting shall be held on the last Saturday of every month, at 7.30 p.m. Public notice shall be given of any change in the date, place or hour of meeting.

A special meeting shall be called by the Chairman of the Council upon request in writing signed by five or more of the residents or leaseholders. The village clerk shall notify all leaseholders of such special meeting, stating the time and object.

COUNCIL

ARTICLE 3.

A Council, consisting of three Representatives, shall be elected by the village meeting, under the Hare-Spence system of proportional representation.

TAHANTO

This Council shall serve until another is elected, and elections shall always be for the entire Council, and not for individual Representatives separately. Such election shall be held whenever the village meeting by a majority of those voting determines to hold an election.

The Council shall elect its own Chairman, and shall appoint a Treasurer, subject to confirmation by the village meeting, a Clerk, and also such other officials as the village meeting may authorize, all of whom shall serve until their successors are appointed. These officials shall not be remunerated except by the specific authority of the village meeting.

The Council shall administer the affairs of the community, subject to the authority of the village meeting, and the provisions of the deed of trust. It shall allot lands to applicants, in the order of application, unless otherwise instructed by the village meeting, and shall make yearly assessments of rent for the use of such lands, subject to appeal to the village meeting. A statement of the aforesaid allotments and assessments shall be by them submitted to the Board of Trustees, with a recommendation that corresponding leases be made out and rents collected.

All orders for the expenditure of communal funds shall be signed by some one of the Representatives and countersigned by another.

The Council shall appoint such standing committees and employ such persons as they may deem advisable, and undertake such public works, and expend such public funds as the village meeting may authorize.

VILLAGE CLERK

ARTICLE 4.

The Clerk shall be appointed by the Council, and shall perform such clerical duties as may be assigned to him. He shall also serve as clerk of the village meeting, and shall keep minutes of such meetings, and submit them for correction or approval at the next meeting.

He shall receive applications for land, and keep a record of the same in order of application.

TREASURER

ARTICLE 5.

The Treasurer shall have charge of all communal funds, not in the hands of the Trustees; shall keep accurate books of account, and

TAHANTO

shall submit the same for audit whenever requested. He shall pay out communal funds only upon an order made out and signed by any one of the Representatives, and countersigned by another.

He shall give such bond as may be required by the Council.

The accounts both of the Trustees and of the Treasurer shall be audited at least every six months by a committee of three appointed by the Chairman of the village meeting.

ARTICLE 6.

This Constitution may be amended, altered or abrogated by a majority vote of those present at any regular village meeting, or at any special meeting, provided that written notice of such special meeting shall have been sent to every leaseholder at least a week before.

ARTICLE 7.

This Constitution shall go into effect as soon as it has been signed by ten leaseholders.

COPY OF RENT-CHARGE

KNOW ALL MEN BY THESE PRESENTS that we, R. F. Alfred Hoernlé, of Oxford, England, and Mortimer Phillips Mason, of Harvard, in the County of Worcester and Commonwealth of Massachusetts, and Fiske Warren, of said Harvard, Trustees under a declaration of trust dated April 15th, A.D. 1912, and recorded in Worcester District Registry of Deeds, book 1992, page 245, in consideration of one (1) dollar and other valuable considerations to us paid by Robert Erskine Childers, of London, England, hereby grant unto the said Robert Erskine Childers a yearly rent-charge of ten (10) dollars and the additional amount, if any, hereinafter provided for, to be issuing out of and chargeable upon all and singular the following land, to wit: all real estate situated in said Commonwealth the record title to which is now vested in said trustees, and all real estate in said Commonwealth that may hereafter be acquired by said trustees.

To HAVE AND TO HOLD and receive the same unto the said Robert Erskine Childers and his heirs and assigns for the term of one hun-

dred (100) years from April 20, 1918, such rent-charge to be payable by equal annual payments of ten (10) dollars each on the twentieth day of April in each year, the first payment to be due and payable on April 20, 1919, and as a part of said rent-charge a further sum payable for each calendar year on or before the thirty-first day of December of the calendar year following, equal to such sum as will increase the fixed sum paid in the preceding calendar year in proportion to the decrease in that year of the average purchasing power of money, as compared with the average purchasing power of money in the year 1918, provided the trustees determine that there has been such a decrease; the first such additional payment shall be due and payable on or before the thirty-first day of December, A.D. 1920, and the last payment on or before the thirty-first day of December in the calendar year following the end of the term of this rent-charge. Such determination of the trustees, as well as their determination of the amount, if any, so payable shall be final and conclusive.

And said trustees, for themselves and their successors in trust and assigns, hereby covenant with said Robert Erskine Childers, his heirs, executors, administrators and assigns, to pay to him or them the said rent-charge at the times and in the manner aforesaid, including said additional sum as aforesaid. It is understood and agreed that parts of the land herein charged have been leased by the trustees to tenants and that the trustees may from time to time give other leases of parts of said land to tenants pursuant to the terms of said declaration of trust, and that every lease now in force and every lease that may be given of any part of said land hereafter and before there is any default in payment of this rent-charge continued for sixty (60) days after demand in writing shall remain in full force and effect notwithstanding this rent-charge, the rights of the holder of this rent-charge being limited as to land so leased to perception of the rents reserved in such leases.

It is also expressly understood and agreed that the trustees have granted and may grant other rent-charges to be charged upon the land hereby charged or a part or parts of it at any time when no default exists in payment of this rent-charge, and that any and every rent-charge hereafter so granted shall be entitled equally and pro rata with this rent-charge and without priority of one over the other.

In case of default in the payment of any instalment of this rent-charge continued for sixty (60) days after demand in writing, the owner of this rent-charge shall be entitled to enter on the land charged and, subject to the rights of persons holding other rent-

TAHANTO

charges charged upon said land or a part thereof as above set forth and to the rights of tenants of said land or any part thereof, to take and receive the rents and profits thereof until all default in payment of this rent-charge is made good.

This instrument is made by said Trustees as Trustees, and not individually and upon the express condition that neither said Trustees nor any successors in trust shall be held individually liable for the payment of said rent-charge including any extra payment therein provided for, but that the holder or holders of said charge will look only to the trust property for satisfaction of any liability of said Trustees hereunder.

IN WITNESS WHEREOF, the said R. F. Alfred Hoernlé, Mortimer Phillips Mason and Fiske Warren, as Trustees as aforesaid, have hereunto set their hands and common seal, which each of them hereby adopts, this twentieth day of April, A.D. 1918.

FREE ACRES

“**F**REE ACRES” in the Bernardsville hills of New Jersey has at present about fifty houses. It is incorporated under the Co-operative Act of New Jersey, which prohibits selling for profit. The land is held by the Association and is leased to the residents on perpetual leasehold. None is sold, for the Association has no commercial side.

There are winter as well as summer residents, some substantial houses and attractive homes, besides bungalows and camps. The roads are well made and the water supply is pumped to the residences from an artesian well. There is an open air theatre, a swimming pool, and a tennis court, and space has been reserved for a baseball field. It was founded in 1909,¹ and has been running successfully for over ten years.

The social life has developed a Folks' Guild, a Dramatic Guild, a Garden Guild, and an Arts and Crafts Guild, and on Sunday afternoons meetings are held for the discussion of current topics.

The business of the Association is administered by its lessees, and monthly meetings are held for this purpose. The officers are three Trustees, a Treasurer, and a Town Clerk. The Town meeting elects the Chairmen of standing committees on Roads, Health, Water Supply, Forestry, and Fire Protection.

Houses in Free Acres are architectural experiments which express a spirit of adventure in homemaking. Free Acres was an experiment and an adventure in itself. It lies in a valley four hundred feet above the sea, not thirty miles from New York, but in rural remoteness it might be a hundred miles away. And in other ways, it is even more remote from the surrounding communities. If you want to build a home in Free Acres, you can put all your money in the house—you need none for the land. In fact,

¹ The date of the Certificate of Incorporation is June 27, 1910.

FREE ACRES

you are not allowed to indulge in buying, selling, or speculating in land within the village limits. You rent in perpetuity and cannot be disturbed in your possession except for chronic non-payment of rent. You are your own landlord, as it were, and from your land rental, your Treasurer, selected by all the residents, pays the State and County taxes demanded by unenlightened Government, and pays also for your public improvements, such as roads, water supply, and the like. This is the principle of the single tax, but the settlement is not confined to single taxers.

At present, rentals run up to twenty dollars an acre per year at the highest. As the village grows, the land rentals will increase, of course, but the benefits come back to the leaseholder in increased public improvements. So you can take your hundred dollars, or your two thousand, or whatever you want to put into a home, and every dollar of it can be spent in the building. Future costs are for upkeep only, as no taxes are levied by the Association on improvements of any kind.

Most of the buildings appeared first as little ones, and week-end camps, and then grew, and grew up comfortable livable homes. They have set an unique style of their own. But all are most picturesque.

The village is situated between Summit and Plainfield, and the railway station is Berkeley Heights, on the D. L. & W. R. R. For fares, see time table. Time from Hoboken is about one hour. There are eleven trains each way daily.

The distance from the railroad station is nearly two miles. Wagon or jitney can be had.

.
Some of the Free Acres houses remain in the week-end stage. There is, for instance, the seventy-five dollar "all complete" wooden tent of a well-known New York author and lawyer, and

FREE ACRES

“reformer,” who is one of the fathers of the Association. He has had it concreted at a cost of thirty dollars, and here he spends frequent holidays and week-ends, winter and summer. The “tent” is big enough to contain a cot, a washstand, a table, a small stove, innumerable shelves, racks, and hooks. It has a Dutch door and two windows with wooden shutters that open up and out, affording protection from rain or sun. The concreting has added greatly to its strength and warmth.

In contrast to this is the most carefully planned and highest priced house in the village, the cost of which approximates twenty-five hundred dollars. It is a comfortable all-year-round home, beautifully situated on a little ridge amid tall trees. A big cobblestone fireplace almost fills one end of the living-room. A cozy bedroom and bath open from this main room to one side, and to the other is the modern kitchen, so arranged that the mistress can reach everything while standing in front of the stove.

Yet you could get lost in the woods within five minutes’ walk of the house and walk for miles before you would come to another house.

“Free Acres” affords to writers and artists who desire a retreat for uninterrupted work, a rural home at a minimum cost. A nice frame house 16×16 which will comfortably accommodate three persons can be built for \$400, a bungalow for one person for about \$80.

There is no speculation in the plan, neither is there any philanthropy. The land is held by the Association and is leased in perpetuity to the residents subject to a land rent which is fixed annually by the leaseholders and which is all expended for the taxes on land and buildings, water supply and other public improvements. It is co-operation in land-holding.

G. I. Colbron in *Touchstone Magazine*.

FREE ACRES

In addition to the above statement it may be said that the land belonging to the Free Acres Association (about 67 acres) was a gift from Bolton Hall, with the exception of about five acres, which were acquired by purchase. The old farmhouse on this five acre tract has been renovated, and is used as a club house and a place for dances and recreative and public meetings. There is a monthly community meeting, at which matters concerning the public welfare, like finances, health, good roads, etc., are discussed, and the reports of the various committees on these subjects are made. There are 51 leaseholders, and the number of voters is about 100. The present officers are Bolton Hall, J. T. Wherett, and Kathleen Hore, Trustees; Amy Mali Hicks, Town Clerk; O. G. Fischer, Treasurer. The chairmen of the standing committees on Roads, Health, Fire, Forestry, and Water Supply are respectively J. G. Wherett, B. Liber, George Conklin, Emma Fischer, and G. E. Hicks. Bolton Hall is Assessor.

The business of the community is carried on by the officers, who are members of the Association, but on petition of 10 per cent of the other members any act of any officer, or any measure proposed, may be submitted to a vote of all the members. After the adjustment of the rentals by the Assessor, every leaseholder is given a list of the same, and within thirty days complaints may be made by any dissatisfied leaseholder. If any complaint remains unadjusted, the valuation of the land is subject to a referendum of the members.

The purchase of the above-named small tract of about five acres was provided for by the issue of \$2500 6 per cent bonds (\$100 each). These "Farm Inn" bonds are payable only out of the rentals, and at the rate of \$200 per annum at least. The bonds thus redeemed are determined by lot-drawing.

The growth of Free Acres appears in the following table:

HALIDON

THE enclave of Halidon comprises 173 acres, of which 120 served as the foundation of the trust of Halidon, formed July 18, 1911, while 53 were added October 24, 1913. The land consists of a low plateau, 60 feet above the Presumpscot River, in the village of Cumberland Mills, in the city of Westbrook, Maine. Its western boundary is within a mile of the paper factory of the S. D. Warren Company, post-office, railway, and trolley of the village, while the eastern is within about the same distance from the trolley at Riverton, in the district of Portland called Deering, five miles from the heart of the city.

The original trustees were William Price, Frank Stephens, and Fiske Warren. The system in general is like that of Tahanto. Many persons becoming interested at the beginning through the efforts of Miss Lillian B. Quinby, plots were freely taken even by those not intending to build, and Halidon was enabled to organize itself as a community in the autumn of 1912. The three members of the governing council, called "Representers," were elected by the Hare-Spence system of proportional representation, which has been in use ever since, each election being for the whole board. Both sexes, down to fifteen years of age, have the ballot. The Council has the right to appoint the village clerk, the treasurer (subject to confirmation by the meeting), and any other officers. All its acts are reviewable by the village meeting, which can also elect a new Council whenever it desires.

The community, about half of which consists of persons employed in the paper mill, is still small, notwithstanding the fact that all the land is under lease, but the growth has been satisfactory and the prospects are good. Thus far it has raised little or nothing for the market, agriculture when pursued being only an incidental interest of each household. The rents range from

HALIDON

£6 to £15 an acre. There are six cases in which the taxes refunded exceed the rent. A distinctive feature of Halidon as compared with other enclaves is the number of persons showing their good will by taking lots which they do not intend to develop, and paying the rental assessments. There are thirteen dwelling-houses in Halidon.

On May 15, 1919, there was organized the Rochdale Society of Halidon, which, although its volume of business has been necessarily small, has made a continuous profit and is building itself up under the efficient management of Mrs. Stella W. Griffiths. Quarterly dividends have been declared, ranging from two and a half to ten per cent. The capital is \$29.

The growth of Halidon appears from the following table:

THE GROWTH OF HALIDON

DECLARATION OF TRUST

DECLARATION OF TRUST FOR HALIDON AS AMENDED

APRIL 13, 1912

WHEREAS, by Declaration of Trust dated July 18, A.D. 1911, and recorded with Cumberland County, Maine, Deeds, Fiske Warren, of Harvard, Massachusetts; Frank Stephens, of Philadelphia, Pennsylvania, and William L. Price, of Moylan, Pennsylvania, declared certain trusts as to land therein referred to; and

WHEREAS said Declaration of Trust by Article Seventh thereof reserved to the Trustees powers by instrument in writing executed by them and a majority of the members of the Community of Halidon in said Declaration of Trust referred to, to amend said Declaration of Trust, and by Article Twelfth, authorized the Trustees whenever there was no organized community in existence to exercise alone any powers which they were authorized to exercise with the approval of the community; and

WHEREAS there is not any organized community as contemplated by said Declaration of Trust;

NOW THEREFORE, we the said Fiske Warren, Frank Stephens and William L. Price, by virtue and in execution of the powers conferred upon us, do hereby amend said Declaration of Trust so that the same shall read as follows:

DECLARATION OF TRUST

WHEREAS certain real estate in the city of Westbrook, Maine, has by deed of even date herewith been conveyed by Austin T. Wright, of Cambridge, Massachusetts, to Fiske Warren, of Harvard, Massachusetts; Frank Stephens, of Philadelphia, Pennsylvania, and William L. Price, of Moylan, Pennsylvania, as joint tenants, and not as tenants in common; and,

WHEREAS said Warren, Stephens and Price, hereinafter called the Trustees, have accepted said conveyance on the trust hereinafter set forth;

NOW THEREFORE we, the said Trustees, do hereby declare that we hold and stand seized of said real estate, and covenant with said Austin T. Wright, and all persons who may become interested hereunder that we will hold and stand seized thereof and of all other real estate or personal property that may hereafter be conveyed to

HALIDON

us as such Trustees for the following purposes and upon the following trusts, to wit:

Name of Trust FIRST: The Trustees under this instrument shall be known as the Trustees of Halidon.

SECOND: The Trustees shall from time to time set apart for public use by the members of the community hereinafter referred to such portions of the trust property not at the time leased as the community shall by action duly taken in accordance with its organization from time to time determine, and from time to time withdraw from such public use any of such property in accordance with directions given in like manner by the community. The Trustees shall from time to time grant leases for ninety-nine (99)

Leases years or shorter terms of such portions of said land not at the time reserved for public use as they think fit, and the community hereinafter referred to, if in existence, approves, to such persons, including corporations, as may apply therefor and may be approved by the Trustees, or by said community whenever there is an organized community. Such leases shall:

(1) Provide for an annual rental equal to the full economic rent of the land leased, such rental to be determined from year to year by the Trustees until there is an organized community as hereinafter provided for, and whenever there is such an organized community by it, in such manner as its organization may provide: any leaseholder aggrieved by the action of the Trustees or of the community fixing the rent to be paid by him in any year, may require an arbitration to fix the amount of the rental: the Trustees may if they deem the rent to be paid by any leaseholder in any year as fixed by the community too low require an arbitration between themselves and such leaseholder to fix the amount of the rental, or if they deem the rent too high may require an arbitration between themselves and the community to fix the amount of the rental; every arbitration shall be in the manner provided in this deed of trust and the decision of the arbitrators fixing the rent shall be final:

(2) Provide that all improvements made upon the leased land shall be the property of the lessee, and may be removed from the land if not in arrears in the payment of the rental or upon payment of such arrears, at any time before the termination of the lease, and may be sold with a like right of removal to

HALIDON

any person, and if sold to a new tenant of the same land before the right of removal terminates, may be held by him with the same right of removal as if erected by him.

(3) Provide that the Trustees will from and to the extent of the rental collected by them from all the trust estate under lease, except in case of additional land hereafter acquired, after deducting their necessary and proper expenses of administering the trust, but not including any compensation for their own services, apply the net rental remaining to the following purposes, in the order specified:

(A) to payment in full, or ratably if they cannot pay in full, of all taxes and assessments upon the trust real estate, including that leased, but excluding improvements on such real estate;

(B) to payment in full, or ratably if they cannot pay in full, of all taxes and assessments on improvements upon the premises leased by said Trustees, whether assessed as real estate or personal property;

(C) to payment in full, or ratably if they cannot pay in full, of all taxes and assessments on tangible personal property situated on the trust real estate belonging to members of the community, or to persons who if fifteen (15) years of age would be members of the community, other than improvements;

(4) Provide that the Trustees may in their discretion, in the name and behalf of any lessee, apply for and prosecute any proceedings for an abatement of any tax or assessment assessed to such lessee which under the terms of the lease would be payable by the Trustees;

(5) Provide that all or any part of the property leased to any person by the Trustees may at any time by action of the community, when there is an organized community, in such manner as its form of organization may provide, be taken for any public use for the community; in case of any such taking the community shall award damages for such taking, if the lessee has suffered any damage thereby; in case the lessee is dissatisfied with the sum awarded, the damages to be paid shall be determined by arbitration.

(6) Provide that the lease may be terminated for violation of such reasonable ordinances as the community may from time to time enact and declare to be a cause for termination, and as the Trustees approve.

(7) Provide that every leaseholder by acceptance of a lease becomes a member of the community, if there is an organized community, and accepts its constitution and ordinances. The leases shall be substantially in the form hereto annexed except so far as the Trustees may from time to time, with approval of said community, change the provisions thereof other than those enumerated above.

THIRD: After deducting their necessary and proper expenses of administering the trust, but not including any compensation for their own services, and after payment of taxes and assessments as provided above, the Trustees shall dispose of the income remaining, if any, as follows:

(1) They shall pay annually to Fiske Warren or his executors, administrators or assigns, a sum equal to ten (10) per cent of the gross rental received or so much thereof in each year as the amount received permits, but without any accumulation of arrears, until such payments amount in the aggregate to four thousand (4000) dollars with interest at six (6) per cent per annum from August 1, 1911, compounded annually, but in no event for a longer time than thirty (30) years from this date. Such payment is made to compensate said Fiske Warren for the original cost to him of providing the land conveyed to the Trustees and held hereunder. If at any time any land adjoining the trust property comes under a single tax system, and the community is of opinion that the payment above provided puts the community at a disadvantage as compared with occupants of such adjoining land, the community may require an arbitration between it and said Fiske Warren or the persons at the time entitled to such payment, to determine whether or not there is such disadvantage and if so, whether such payment shall be discontinued or be reduced, and if reduced, by what amount.

(2) They shall pay over any surplus net income remaining in any year to the community hereinafter referred to for application to uses public in the sense that they cannot be left to individuals without giving one an advantage over others, and including hiring any real estate for public use and including the acquisition of additional real estate, together with whatever personal property may reasonably be purchased as part of the transactions, to be held by the Trustees, who shall within a reasonable period sell any improvements that may be on the land so acquired, except so far as such im-

provements are retained for public use of the community. In case, and whenever there is no organized community to which such income can be paid over, the Trustees shall themselves apply such surplus net income to such public uses for the common benefit of their lessees, or in their discretion may pay the same to the city of Westbrook.

(3) The Trustees shall have power if any additional land is purchased as above provided to purchase wholly or in part on credit, to take

Additional
Land*

the same subject to a mortgage, or themselves to borrow money on the credit of such land and to mortgage the same as security, and to apply any income received by them from any of the trust property to the payment of interest on any such indebtedness as an expense of ad-

ministering their trust, and to apply any surplus income to the reduction of the principal of such indebtedness, or to charge the rental received from such additional land with a payment to meet the interest on any unpaid purchase money and to pay off the purchase price on any indebtedness therefor, or for money borrowed to acquire any such land, but they shall have no authority to create any legal liability on the part of the community to pay for any such land or to create any legal obligation by which the rental of any land except that so purchased can be reached and applied, except by their voluntary act as above provided, to satisfy any claim for unpaid purchase money.

FOURTH: The community herein referred to shall consist of all the persons not less than fifteen (15) years of age for the time being hold-

ing leases from the Trustees, the wife or husband of a leaseholder, and such other persons not less than fifteen (15) years of age, residing on the trust estate, as may by the form of organization adopted by such leaseholders be associated with them. Such organization shall exist whenever not less than ten (10) leaseholders have so organized, and shall continue as long as such organization is maintained and not less than ten (10) leaseholders remain members.

FIFTH: Any Trustee under this instrument may resign his trust by instrument in writing delivered to his co-Trustee

Resignations

or co-Trustees and recorded in Cumberland County

Maine Registry of Deeds. Whenever a vacancy from any cause exists in the number of Trustees, the surviving or remaining

Vacancies

Trustees shall by instrument in writing recorded in said Registry of Deeds appoint a new Trustee or Trustees, who shall upon

HALIDON

confirmation by said community by a vote of a majority of such members as are present, and vote at a meeting called for the purpose in such manner as the form of community organization may provide, or without confirmation if no organized community is in existence, forthwith and without the necessity of any conveyance become vested jointly with such surviving or remaining Trustees or Trustee with the same rights, powers, titles and estates as if originally appointed a Trustee hereunder. Pending the appointment of a new Trustee, the surviving or remaining Trustees or Trustee may exercise all the powers of the Trustees hereunder.

Action by Trustees SIXTH: Except as otherwise herein expressly provided, all action by the Trustees must be the unanimous act of all the Trustees for the time being, but any Trustee may delegate to another Trustee such part of his power for such time as he thinks proper by instrument in writing, and the Board of Trustees may in like manner delegate to any one of their number such part of the powers of the board for such time as they think proper: any such delegation by a Trustee or by the board may at any time be revoked by him or by the board. Any Trustee may so delegate his power to act in respect to any matter in which he has a personal interest, and may then deal with the Trustees free from any fiduciary obligation as to such matter.

Amendments and Termination SEVENTH: This declaration of trust may be amended or terminated at any time by instrument in writing executed by a majority of the Trustees for the time being, and by a majority of the members for the time being of the Community of Halidon, but no such amendment shall impair any of the rights of a lessee from the Trustees under his lease or shall provide for any other distribution or disposition of the trust property free from the trust than is herein provided for.

Duration of Trust EIGHTH: Unless sooner terminated as hereinbefore provided, this trust shall continue until the expiration of twenty-one (21) years after the death of whichever of the following named persons dies last, to wit: Said Fiske Warren, said Frank Stephens, said William L. Price, Margaret Lightfoot Price, William Webb Price, Ruth Kirk Price and Catherine Price, the last four being children of said William L. Price, and Margaret Eakin Stephens, Donald Stephens and Roger Stephens, being children of said Frank Stephens, and Rachel Warren, Marjorie Warren and Hamilton War-

HALIDON

ren, being children of said Fiske Warren, and Sarah Warren, Martha Warren, Jeannette Warren, Georgia Warren and Josephine Warren, being children of Joseph Adams Warren, and Janet Warren Shaw, Catherine Warren Shaw and Mary Warren Shaw, being children of Lois Warren Shaw.

*Final
Disposition
of Property* NINTH: Upon the expiration or prior termination of this trust the Trustees shall convey all the trust property then in their hands, subject to any leases then outstanding, absolutely and free from any trust, to such person or persons, or body corporate as a majority of the Trustees for the time being and a majority of the members for the time being of the community shall in writing determine, or upon failure to agree, or if for any reason there is no longer any community, then to the city of Westbrook. Such conveyance shall be upon the terms that all leases at the time outstanding shall remain in force; the lessees shall be bound to pay as rental such amount as may be agreed upon by them and the grantee of the reversion as the fair equivalent from time to time of the economic rent, less any taxes and assessments required to be paid by the lessee, which by the terms of the lease should be paid by the lessor; in case the grantee and lessee cannot agree upon such equivalent, it shall be determined by arbitration. If at the time of conveyance the payments to be made to said Fiske Warren have not terminated, the grantee shall continue bound to make such payments to the same extent to which the trustees would have been bound to make payments.

*Arbitra-
tion* TENTH: Whenever a reference to arbitration is provided for in this instrument, such reference shall be to three disinterested persons, each party interested choosing one out of three persons named by the other, and the third being selected by the two so chosen; the award in writing of the majority of the referees shall be conclusive and final upon the parties.

*Authentica-
tion of
Facts* ELEVENTH: A certificate signed and sworn to by a majority of the Trustees for the time being and recorded in said Cumberland Registry of Deeds, stating that certain persons constitute all or a majority of the members of said community, or reciting the existence of any fact the existence of which is required to authorize any action taken by the Trustees, shall as to third person acting in reliance thereon be conclusive evidence of such statement therein contained or of the existence of such fact.

HALIDON

TWELFTH : If and whenever there is no organized community in existence, the Trustees may exercise alone any power which by this instrument may be exercised by them with the approval of the community.

1. To pay annually in advance to the lessors, on the first day of April of each year beginning April first next, as annual rent a sum equal to the full economic rent for one year of said parcel of land, exclusive of improvements thereon, as such rent may from year to year be fixed by the Trustees or by the Community of Halidon, subject to revision by arbitration as provided in said deed of trust.

5. During the continuance of this lease not to cut or intentionally injure or destroy any tree growing on the demised premises that is more than four (4) inches in diameter at a point eighteen (18) inches above the ground, without the written consent of the Trustees, except trees that were not growing on the demised premises August 1, 1911.

The lessors covenant with the lessee:

To apply all rent collected from the demised premises and from all other land leased by them under said deed of trust acquired prior to the date thereof, after deducting all necessary and proper expenses of administering said trust, but not including any compensation for their own services, to the following purposes in the order specified:

(A) To the payment in full, or ratably if they cannot pay in full, of all taxes and assessments upon the real estate held under said

The lessee or the purchaser of any improvements shall upon removing them be bound to leave the land in as good condition as when the improvements were first erected, and the Trustees may require reasonable security therefor as a condition of permitting such removal.

SANT JORDI

Now comes the sixth enclave and widens the scene, not only geographically but economically. For the previous five enclaves are limited by the customs' tariff and cannot realize the lofty destiny of Single Tax. Single Tax should mean both freedom of production and freedom of exchange. The five older enclaves can have freedom of production, but they cannot have freedom of exchange. But Andorra is wiser than the United States in this respect, and her policy of free trade enables the enclave of Sant Jordi to be economically superior to the others.

FISKE WARREN, JUNE 23, 1916.

SANT JORDI received its legal foundation January 19, 1916, was reformed legally September 27, 1918, and its first full year of economic activities ended March 24, 1920.

It consists of two hectares of land in the Republic of Andorra (of which the economic rent is fourteen pesetas), close to the highway, seven kilometers from the southern frontier and about half-way between Sant Julia and Andorra-la-Vella. Through it, amidst some fruitful chestnuts, runs the Riu Anclar, which just below feeds the roaring Valira, the chief river of Andorra, and is fed in turn by the Toll de l'Olla, an exquisite waterfall. Perhaps half the land is rocky, the rest partly in gardens and partly under grass, the whole plentifully irrigated from the Anclar. There are four lessees and one house.

The characteristic feature of Sant Jordi is the sales that are made of goods imported from the outer world, which pay on entrance into Spain duties refunded on entrance into Andorra.

The only officers of this enclave are two Trustees, Joseph Alemany y Borrás and Fiske Warren.

SANT JORDI

ACTA DE FIDEICOMISSIÓ

PRIMER: Els cessionaris serán coneguts baix aquest instrument ab el nom de Fiduciaris de Sant Jordi.

SEGON: Els Fiduciaris reservarán per a l'us públich o comú de la associació o dels membres de la Comunitat a que mes en abant ens referim, les porcions de la propietat qu'estimin convenient y que cuan existeixi aqueixa Comunitat ella mateixa determini, y retirarán de l'us públich o comú aquestes terres a mida que la mateixa Comunitat ho determini, en la forma que ha de ferho conforme a sa constitució. Els mateixos Fiduciaris donarán en arrendaments de noranta nou (99) anys, o termes mes curts les terres que a n'ells els hi sembli mentres no estiguin destinades a usos públichs, a son arbitri, mentre no existeixi la Comunitat y ab consentiment y aprobació d'aquesta cuan sigui existent y organizada, a les persones o corporacions que ho demanin.

Aquestos arrendaments contindrán:

(1) el pren del lloguer o renta anyal, que será equivalent a la renta económica de la terra arrendada y será fixat per cada any pels Fiduciaris d'acord ab l'arrendatari mentres no hi hagi número suficient d'arrendataris per constituir la associació, y d'acord ab aquesta Comunitat tant punt estigui existent y organizada. Cualevol arrendatari que no's conformi ab la fixació del preu demanat pels Fiduciaris o en son cas per la Comunitat, pot demanar un arbitratge per a fixar el preu just de l'arrendament d'aquell any. Si'ls Fiduciaris creuen que la renta o preu a pagar per algun dels arrendataris senyalada per la Comunitat es massa baixa, poden demanar un arbitratge entre ells mateixos y el dit arrendatari; y si aquest creu que es massa alta pot demanar un arbitratge entre ell y la Comunitat o entre ell y'ls Fiduciaris si aquesta no existeix, per a fixar el preu o renta. L'arbitratge's farà en la forma que determina aquesta acta y'ls acorts de l'arbitratge serán decissius.

(2) que totes les obres o millores fetes sobre la terra arrendada serán propietat de l'arrendatari y podran esser tretes per ell o per cualsevol que les hi compri o a qui les cedeixi mentres ho fassi abans de l'acabament d'el lloguer, a no esser qu'el pago de la renta sigui atrassat. Si son venudes a un nou ocupant de la terra abans de que hagi expirat el dret de treureles, poden esser retingudes per aquest ab els mateixos drets que si haguessin sigut fetes per ell.

(3) qu'els Fiduciaris, ab el preu dels arrendaments y en quant aqueixa cantitat alcanzi, haurán de pagar tots els impostos y contribucions que siguin legalment carregats sobre tota la terra del Enclau y sobre les obres y millores, que hi hagi, tant si son considerades com a mobles com si immobles, y l'interés de cualsevol hipoteca o cualsevol altre càrrega o gravamen que pesi sobre dites terres.

(4) qu'els mateixos Fiduciaris poden, en nom y representació de l'arrendatari, demanar y gestionar la reducció dels impostos carregats a dit arrendatari y que'ls Fiduciaris han de pagar.

(5) que tota o part de la terra arrendada, pot en tot temps, per acció de la Comunitat cuan aquesta estigui organitzada, esser presa y destinada a us comú dels associats. En tal cas la Comunitat abonará els danys y perjudicis a n'el llogater si n'ha sofert algun. Si l'arrendatari perjudicat no se conforma ab la indemnizació senyalada per la Comunitat, será fixada per arbitratge.

(6) que l'arrendament pot esser terminat a causa de violació per part de l'arrendatari dels reglaments o ordenances que la Comunitat acordi y que hagin sigut declarats causa suficient per la terminació del contracte y que hagin sigut aprovats per els Fiduciaris.

(7) que l'arrendatari, pel sol fet d'acceptar un contracte d'arrendament, devé un membre de la Comunitat tant punt aquesta estigui organitzada y ell n'accepti la constitució y ordenances.

(8) provisió per al compliment de lo que s'adiu ab els recursos naturals, incluint mineral, carbó de pedra, petroli y gas natural, recursos que son especificats més avall.

Els contractes de lloguer serán en lo substancial, com en el formulari que va unit a n'aquesta acta; podran no obstant, ferse en ells algunes variacions en cassos particulars, d'acort ab l'arrendatari, pels Fiduciaris, mitjansant la aprobació de la Comunitat cuan estigui organitzada.

TERCER: Els Fiduciaris tindrán els poders y obligacions següents:

(1) Haurán d'aplicar els ingressos de les terres de la Fideicomissió als objectes que aquí s'expressen y pel mateix ordre que aquí s'estableix. Els pagos en cada classe han d'esser fets complertament, o, si'ls ingressos no basten, se farán a prorrata per ordre:

(v) Pagarán tots els impostos y contribucions que siguien carregats sobre totes les terres que tinguin y sobre les millores que hi hagin

SANT JORDI

tant, si avaluades com a propietat moble com si immoble, y l'interés sobre cualsevol hipoteca o alguna altra càrrega que hi hagi sobre dites terres.

(B) Pagarán tots els gastos rehonables, además dels qu'estan específicament enumerats, d'administració de la Fideicomissió, pero no incluint cap compensació per llurs serveys.

(c) Pagarán anyalment a Fiske Warren o a n'els seus administradors, executors o procuradors una cantitat no menor de cinquanta (50) pessetes cada any durant cent (100) anys y pagarán a dit Fiske Warren o a cualsevol altre persona de la que's compri terra mes tart, la cantitat que s'acordi y en la forma que's convingui a l'hora de la adquisició.

(D) Pagarán les altres cantitats que per acció dels Fideicomissaris se carreguin a la renta anyal, d'altre manera, per conveni.

(E) Pagarán tots els deutes en que s'incorreixi per adquisició de nova terra o per diners enmatllevats per als objectes de la Fideicomissió, cuan se degui y no s'hagi pagat d'altres procedencies y s'hagin obtingut per préstam o d'altre manera.

(F) Poden reservar cada any, per acció d'una majoria de Fiduciaris, una cantitat, si es que n'hi ha alguna, no excedint cap any de deu per cent de la entrada neta de tal any, que determini una majoria de Fiduciaris, com a fondo de gastos imprevistos per a esser usat cuan dita majoria cregui convenient, pera cualsevol d'els objectes autoritzats per la Fideicomissió, incluint l'adquisició de mes terra y les propietats que's trobin en ella.

(G) Pagarán tots els impostos sobre'l bestiar resident en l'Enclau, perteneixent als membres de la Comunitat.

(H) Pagarán tots els impostos personals senyalats per tal any a n'els domiciliats en l'enclau.

(I) Els Fiduciaris estarán autoritzats per a pagar a profit dels membres del Enclau domiciliats en ell, una cantitat destinada a sufragar l'impost o la part fraccional d'aquest qu'ls Fiduciaris determinin, qu'aquells hagin satisfet a la Vall en concepte d'impost de trànsit per la carretera. Els Fiduciaris pagarán, si'ls hi sembla be, la cantitat qu'ells estimarán convenient, pero en cap cas excedirà d'un tant per cent de la contribució total de trànsit, qu'hagi cobrat la Vall en l'any anterior igual al tant per cent que representa la contribució pagada pels Fiduciaris per compte propia y dels membres del Enclau per concepte de contribucions territorial, de bestiar y personal y el total

SANT JORDI

de lo que pagui per tal concepte la Vall d'Andorra. La quantitat fixada, en cas de que vulguin pagar-la els Fiduciaris, se repartirà entre els domiciliats en l'Enclau que ho demanin per escrit, cada persona acompanyant els rebuts o talons de lo que hagi satisfet y abans del primer de Febrer per lo que's refereix al any anterior. Serà repartida en la forma següent: (1) a cada un dels reclamants se'ls donarà una quantitat igual a la que s donarà al que tingui menys quantitat gastada, o sino, una part igual a cada un; (2) si sobren encare diners dels destinats pels Fiduciaris a n'aquest objecte, se repartiran per igual entre els demés, donant a cada un una part igual a la del que menys hagi sofert d'entre ells per aqueix concepte o la part que's pugui y aixís successivament mentres hi hagi diners dels destinats pels Fiduciaris per a aixó, sense que ningú pugui percebir més de lo que li ha costat o pagat o la part fraccional fixada pels Fiduciaris.

(1) Els Fiduciaris estaran autoritzats per a pagar a profit dels membres del Enclau una quantitat destinada a sufragar l'impost o la part fraccional d'aquest qu'els Fiduciaris determinin, que aquells hagin satisfet a la Vall en concepte d'impost d'Industria y Comerç. Els Fiduciaris pagaran, si'ls hi sembla be, la quantitat que ells estimaran convenient, pero en cap cas excedirà d'un tant per cent de la contribució total d'Industria y Comerç qu'hagi cobrat la Vall en l'any anterior, igual al tant per cent que representi la contribució pagada pels Fiduciaris per compte propia y dels membres del Enclau, per concepte de contribució territorial, de bestiar y personal, y el total de lo que pagui per iguals conceptes la Vall d'Andorra. La quantitat fixada, en cas de que vulguin pagar-la els Fiduciaris, se repartirà entre els membres de l'Enclau que ho demanin per escrit, cada persona acompanyant els rebuts o talons de lo que hagi satisfet y abans del primer de Febrer per lo que's refereix al any anterior. Serà repartida en la forma següent: (1) a cada un dels reclamants se'ls donarà una quantitat igual a la que s donarà al que tingui menys quantitat gastada, y sino, una part igual a cada un; (2) si sobren diners encare dels destinats pels Fiduciaris a n'aquest objecte, se repartiran per igual entre els demés, donant a cada un una part igual a la del que menys hagi sofert d'entre ells per aquest concepte o la part que's pugui, y aixís successivament mentres hi hagin diners, dels destinats pels Fiduciaris a n'aquest objecte, sense que ningú pugui percebir més de lo que li ha costat o ha pagat o la part fraccional fixada pels Fiduciaris.

Els Fiduciaris tindran de pagar el montant posat apart de la manera descrita, a la dita Comunitat, pera que s'apliqui a usos publichs, en el sentit de que no poden esser deixats a individus sense donar a un una ventatge sobre dels altres, y incluint llogar terres pera publichs us y incluint la adquisició de mes terres, junt ab la propietat personal que puga esser rahonablement inclosa com a part de la transacció, per a esser retingudes per els Fiduciaris, els quals, dintre un periode rahonable, hauran de vendre totes les millores, exceptuant en quant aquestes millores sigan retingudes per a l'us públich de la Comunitat. En cas de que no hi hagi cap Comunitat organizada a qui puga esser pagada tal quantitat, els Fiduciaris mateixos aplicaran tal quantitat a usos públichs de benefici comú a llurs arrendataris, o, a llur discreció, poden pagar la mateixa a la parroquia en que estiguin enclavades les terres.

Després de posar apart la quantitat per a usos públichs, en la manera predescrita:

Aquest nomenament haurà d'esser confirmat per majoria de votants en l'assamblea General si la associació està organitzada, en assamblea expresament convocada a aquest objecte y de la manera prescrita en la constitució. El nomenament se farà ab escriptura pública notarial. El nou elegit tindrà els mateixos drets y obligacions que els demés Fiduciaris. Mentres estigui pendent el nomenament d'un nou Fiduciari els demés assumiran tots els drets y poders de la Fideicomissió y podrán exercirlos igual que si'l número fos complet.

SISE: Eexceptuant en lo que está ja provehit diferentment, tota acció dels Fideicomissaris ha d'esser acte unaním de tots els Fiduciaris existents, pero cualsevol Fiduciari pot delegar a un altre Fiduciari la part de poders per el temps que's marki que cregui convenient així com la Fideicomissió pot delegar una part dels seus poders a un o dos dels seus fiduciaris. Si a n'el temps de la transferència els pagaments a dit Fiske Warren o a cualsevol altre persona per la terra adquirida no s'han acabat, el concessionari continuarà obligat a efectuar dits pagaments en la mateixa quantitat a que'ls Fiduciaris eren obligats d'efectuarlos.

NOVE: Sempre que en aquest document se fa referencia a arbitratge, se enten que haurà d'esser de tres persones desinteressades, cada partit interessat triant una de les tres persones presentades per l'altre y la tercera part essent escullida per les dugues ja triades; el fallo per escrit de la majoria dels jutjes serà definitiu y final per a abdues parts.

DESE: Una acta notarial firmada per la majoria dels Fiduciaris fent constar la existencia d'un fet, la existencia del cual es necessaria per a autorizar alguna acció presa per els Fiduciaris, serà per a terceres persones proba concluent de la realitat y evidencia del fet a que fassi referencia l'esmentada acta notarial.

ONSE: Els Fiduciaris, quan no existeixi constituïda la Comunitat podrán exercir els drets de la mateixa ab totes les facultats y limitacions de la present acta.

(g) They shall pay the taxes upon hooved animals residing in the enclave and belonging to members of the community.

Taxes (u) They shall pay all personal taxes assessed for such year upon persons domiciled in the enclave.

(1) They shall be authorized to pay for the advantage of members of the enclave domiciled in it a sum intended to cover the payment of such fractional part thereof as the Trustees determine, which such members shall have paid to the Valley because of the tax on transit by the highway. The Trustees will pay, if they see fit, the sum which they deem advisable, but in no case to exceed a percentage of the total tax on transit received by the Valley in the previous year equal to the percentage of the total tax of the Valley for land, for hooved animals, and for personalty corresponding to the taxes paid by the Trustees on their own account and on account of the members of the enclave for the same. The sum fixed, in case the Trustees wish to pay it, shall be divided among the members domiciled in the enclave who apply for it in writing, each person accompanying the application with receipts or vouchers for the amounts paid, and before the first of February, for whatever refers to the previous year. (2) Any excess of money assigned by the Trustees to this purpose shall be distributed equally among the others, giving to each one a sum equal to the sum paid by whoever of them suffered least in this respect, or else the sum available, and thus successively until the money assigned by the Trustees for this purpose shall be exhausted, not permitting any one to receive more than it has cost him or than he has paid, or the fractional part as determined by the Trustees.

(j) They shall be authorized to pay for the advantage of members of the enclave a sum intended to cover the payment or such fractional part thereof as the Trustees determine, which such members shall have paid to the Valley because of the tax on industry and commerce. to pay it, shall be divided among the members domiciled in the enclave who apply for it in writing, each person accompanying the application with receipts or vouchers for the amount paid, and before the first of February, for whatever refers to the previous year. It shall be distributed in the following form: (1) To each one of the applicants there shall be given a sum equal to the sum given to the applicant who has paid the smallest quantity, or, if not, then an equal part to each. The amount so set apart the Trustees shall pay over to the said community for application to uses public in the sense that they cannot be left to individuals without giving one an advantage over others, and including hiring any real estate for public use and including the acquisition of additional real estate, together with whatever personal property may reasonably be included as a part of the transaction, to be held by the Trustees, who shall within a reasonable period sell all the improvements, except so far as such improvements are retained for public use of the Community. In case there is no organized Community to which such income can be paid over, the Trustees shall themselves apply such sum to public uses for the

common benefit of their lessees, or in their discretion may pay the same to the parish in which the lands are situated.

After setting apart the sum for public uses as above provided:

(A) The Trustees shall use one-half of the balance remaining to buy additional land for the enclave, or for any other single tax enclave, or to found a new single tax enclave, or to lend money either for the purchase of such additional land, or for founding such new enclave, or shall turn over such half to a Board of Trustees, if and whenever there is one created by Fiske Warren, to receive and use such payments for such purposes as may be specified in the instrument creating such Board of Trustees, or until such Board is created may hold any such sum with power to turn the same over to such Board when it is created, or if none is created within five years from January 1, 1918, to use such money for any of the other purposes above enumerated, and the Trustees may apply said half of such balance to any of the foregoing purposes, or in such shares as they think fit to one or more of said purposes.

(B) The Trustees shall pay over the other half of such balance to a Board of Trustees if and whenever there is one created by said Fiske Warren as in clause (A) above set forth, and until such Board is created shall hold the same and turn it over to such Board when such Board is created, or if no Board is created within five years after January 1, 1918, shall apply the fund then held by them in the same manner as provided in clause (A) above, and shall thereafter use the second half of said balance in the same manner as above provided with respect to the first half.

(3)¹ The Trustees shall have the power to acquire additional real estate on such terms as in their discretion they think fit, including

subject to the provisions as to application of income above set forth, to charge the rental received from such additional land, or from all or any part of the land held by them including such additional land, with a payment to meet the interest on any unpaid purchase money and to pay off the purchase price, or any indebtedness therefor or for money borrowed to acquire such land, but they shall have no authority to create any legal liability on the part of the Community

to pay for any such land or to create any legal obligation by which the rental of the said land can be reached and applied, except by their voluntary act in charging the same as above provided, to satisfy any claim for unpaid purchase money. The Trustees, with the approval of the Community, shall have power to suspend for such time as they think fit and the Community approves the rent payable under any lease; the rent so suspended shall constitute a first lien on the improvements (including any growing timber) on such land, and shall be payable with interest at the expiration of the term of suspension or upon the earlier termination of the lease; such lien may be enforced by seizure of such improvements and sale thereof, or in any way authorized by law. The Trustees may pledge any suspended rent as security for money borrowed by them. The Trustees may, with the approval of the Community, at any time sell any of the trust property not then under lease and convey the same to the purchaser free from any trust; the proceeds of any property so sold may be applied to any purpose to which surplus income is applicable, and no purchaser shall be responsible for the application which the Trustees make of the purchase money.

(4)¹The powers of the Trustees as to borrowing shall include the power:

(A) To borrow money to an amount equal in the aggregate with all loans at the time outstanding to the value as determined by the Trustees of the land owned by them, exclusive of improvements thereon, less a deduction of one (1) per cent of the value of each parcel for each year from the date of its acquisition to the date of such borrowing, to make every such loan on such terms as they think fit, and issue therefor such evidences of indebtedness as they elect, including, without restricting the generality of the foregoing words, bonds, notes and certificates of indebtedness; for the purposes of this provision the value of land shall be determined by multiplying the gross rent received during the preceding year by one hundred and dividing it by five or other figure representing the then legal rate of interest in Andorra; such right to borrow money shall include a right to borrow on the terms of paying a fixed sum yearly or oftener for a term of years or the life or lives of any person or persons, or other period, by way of interest or amortization; a debt consisting of an agreement to pay annually a fixed sum during a fixed period or for a life or lives shall be the present

(B) To secure any loan by mortgage of all or any part of the land owned by the Trustees in such form and on such terms as they think proper, including power to make an open mortgage which shall provide for securing other indebtedness that may be subsequently contracted, and including power to provide or not, as they think fit, so far as may be consistent with any lease or leases or any particular parcels thereof then in force or thereafter to be given that the mortgage shall or shall not, as the case may be, give any title to improvements then existing or that may hereafter be put upon such land or any parcel or parcels thereof;

(c) To extend any mortgage now or hereafter in force covering any of the trust property;

(d) In their discretion to insert in any lease as hereafter provided, and to agree with any existing or future lessee upon modifying such lease by including therein a provision authorizing the Trustees to mortgage the land covered by such lease in the manner and on the terms above specified.

(E) To relieve any person lending money to them from all obligation to see to the application of the money loaned or to determine any fact authorizing the action of the Trustees and by them alleged to exist.

if and whenever there is one created by said Fiske Warren, to be used for purposes to be specified in the instrument creating such Board; and until such a Board is created shall be held and accumulated by the Trustees hereunder, and if within five years from January 1, 1920, no such Board has been created, then the Trustees hereunder may use said fund already accumulated, and all further amounts so collected, for any other purpose authorized by this instrument of such a nature as to constitute a capital expense.

FOURTH: All the lessees and persons domiciled in the enclave shall be members of the association. This organization shall *The Community* exist whenever twenty (20) lessees shall have so organized, or the Community may be organized with a minimum of ten (10), subject to the approval of the Trustees.

FIFTH: Any Trustee may resign his trust by notarial act announced to the other Trustees. Whenever a vacancy exists in the number of Trustees, the remaining Trustees shall appoint a new *Resignations* Trustee or Trustees. This appointment must be confirmed by a majority of those voting in a general meeting, if the Community is organized, called expressly for this purpose and in the manner prescribed by the Constitution. The appointment shall be made by public notarial document. The new Trustee elected shall have the same rights and obligations as the other Trustees. *Vacancies* Pending the appointment of a new Trustee, the others shall assume all the rights and powers of the Trust and shall exercise them as if their number were complete.

SIXTH: Except as otherwise provided herein, all action by the Trustees must be the unanimous act of all the Trustees for the time being, but any Trustee may delegate to another Trustee such part *Action by* of his powers for such time as he indicates and thinks proper; *Trustees* such delegation by a Trustee or by the Board may at any time be revoked by him or by the Board. Any Trustee may so delegate his power to act in respect to any matter in which he has a personal interest, and may then deal with the Trustees free from any fiduciary obligation as to such matter.

SEVENTH: This declaration of trust may be amended or terminated at any time by instrument in writing signed by a majority of the Trustees and approved in writing *Amendments and* *Termination* by a majority of the members for the time being of the enclave of St. George, but no such amendment shall impair any

of the rights of a lessee from the Trustees under his lease, or shall provide for any other distribution or disposition of the land than is herein provided for.

EIGHTH: Upon the termination of this Trust as indicated in the previous article, the Trustees shall convey all the trust property then in their hands, subject to any leases then outstanding, absolutely and free from any trust, to such person or persons or body corporate as a majority of the Trustees for the time being and a majority of the members for the time being of the Community shall in writing determine, or upon failure to agree, or if for any reason there is no longer any Community, then to the parish of Andorra la Vella, or to the parishes in which the lands are situated. Such conveyance shall be upon the terms that all the leases at the time outstanding shall remain in force; the lessees shall be bound to pay as rental such amount as may be agreed upon between them and the grantee of the reversion as a fair equivalent according to the circumstances of the time of the economic rent less any taxes and assessments required to be paid by the lessee, which by the terms of the lease should be paid by the lessor; in case the grantee and lessee cannot agree upon such equivalent, it shall be determined by arbitration. If at the time of the conveyance the payments to be made to the said Fiske Warren, or to any other person, for land acquired, have not terminated, the grantee shall continue bound to make such payments to the same extent to which the Trustees would have been bound to make payments.

NINTH: Wherever a reference to arbitration is provided in this instrument, such reference shall be to three disinterested persons, each party interested choosing one out of three persons named by the other, and the third being selected by the two so chosen; the award in writing of the majority of the referees shall be conclusive and final upon the parties.

TENTH: A notarial act signed by a majority of the Trustees, stating that certain persons constitute a majority of the members of the enclave, or reciting the existence of any fact the existence of which is required to authorize any action taken by the Trustees shall, as to third persons acting in reliance thereon, be conclusive evidence of such statement therein contained or of the existence of such fact.

ELEVENTH: The Trustees, whenever there is no organized Commu-

nity in existence, may exercise all the powers of the same with all the faculties and limitations of this trust.

TWELFTH: Without intending to create hereby an obligation, the Trustees will provide that the Community of St. George shall form itself under the constitution annexed to this deed of trust.

c. The lessee may at any time terminate this lease by not less than sixty (60) days' notice in writing delivered to or posted with postage prepaid to the Trustees, but such termination shall not release the lessee from obligation to pay the full year's rental if the termination takes place in the course of a year.

(f) To reserve each year by action of a majority of the Trustees such sum, if any, not exceeding in any year ten (10) per cent of the gross income for such year as such majority may determine to be set apart, as a contingent fund, and used at such time thereafter as such majority think proper for any purpose authorized by the trust, including acquisition of additional land and property thereon.

(g) To pay all taxes and assessments levied under the laws of the Commonwealth of Massachusetts on tangible personal property, other than improvements, situated on the trust real estate and belonging to members of the community, or to persons who if twenty-one (21) years of age would be members of the community.

(h) To pay all poll taxes levied under the laws of Massachusetts upon members of the community residing in the enclave, and all charges for registration of or licenses to operate automobiles (or motorcycles) located within the enclave granted by the Commonwealth of Massachusetts to members of the community residing in the enclave or persons being minors so residing who would have been members if twenty-one (21) years of age.

(i) To distribute at such times in each year as they think fit, among the persons living at the beginning of such year (or their legal representatives) who in the preceding year

SHAKERTON

(1) were members of the community, or being minors would have been members if twenty-one (21) years of age;

(2) resided in the enclave;

(3) were (if more than twenty-one (21) years of age) registered voters of the town; and

(4) paid a tax assessed under the laws of Massachusetts upon personal property other than tangible personal property included in clause (g) above or upon income, such amount if any as said Trustees think fit not exceeding the whole and not less than a half of a sum which bears the same proportion to the taxes assessed in such preceding year on the real estate held by the Trustees, including the buildings thereon, that the aggregate taxes on such personal property and income assessed in Massachusetts in such preceding year bears to the aggregate taxes assessed in such year on all real estate in Massachusetts including the buildings thereon. Such distribution shall be made as hereinafter provided.

(j) To distribute at such times in each year as they think fit, among the persons who living at the beginning of such year (or their legal representatives)

(1) were members of the community, or being minors would have been members if twenty-one (21) years of age;

(2) resided in the enclave;

(3) were (if more than twenty-one (21) years of age) registered voters of the town; and

(4) paid a tax under the laws of the United States upon income or profits (including surtaxes), such amount, if any, as said Trustees think fit not exceeding the whole and not less than a half of a sum which bears the same proportion to the taxes assessed in such preceding year on the real estate held by the Trustees, including the buildings thereon, that the aggregate taxes on income or profits assessed in Massachusetts in such preceding year bears to the aggregate taxes assessed in such year on all real estate in Massachusetts including the buildings thereon. Such distribution shall be made as hereinafter provided.

(k) To distribute at such times in each year as they think fit, among such executors or administrators of deceased persons who at death

(1) were members of the community, or being minors would have been members if twenty-one (21) years of age;

(2) resided in the enclave;

SHAKERTON

(3) were (if more than twenty-one (21) years of age) registered voters of the town;

as have in their capacity as such executors or administrators in the preceding year paid any tax, or taxes, under the laws of Massachusetts in the nature of an inheritance, succession or legacy tax on the estate of such decedent, such amount, if any, as said Trustees think fit, not exceeding the whole and not less than a half of a sum which bears the same proportion to the taxes assessed in such preceding year on the real estate held by the Trustees, including the buildings thereon, that the aggregate taxes in the nature of inheritance, succession or legacy taxes received by the Commonwealth of Massachusetts in such preceding year bears to the aggregate taxes assessed in such year on all real estate in Massachusetts, including the buildings thereon. Such distribution shall be made as hereinafter provided.

(1) To distribute at such times in each year as they think fit, among such executors or administrators of deceased persons who at death were, and for five (5) years next preceding had been lessees or members of the community, as have in the preceding year paid any tax or taxes under the laws of the United States in the nature of an estate, inheritance or succession tax, such amount, if any, as said Trustees think fit, not exceeding the whole and not less than a half of a sum which bears the same proportion to the taxes assessed in such preceding year on the real estate held by the Trustees, including the buildings thereon, that the aggregate taxes in the nature of estate, inheritance or succession taxes received by the United States from the estates of deceased persons in Massachusetts in such preceding year bears to the aggregate taxes assessed in such year on all real estate in Massachusetts, including the buildings thereon. Such distribution shall be made as hereinafter provided.

(M) To distribute at such times in each year as they think fit, among persons who at the time are and during the preceding year were

(1) members of the community, or being minors would have been members if twenty-one (21) years of age;

(2) resided in the enclave;

(3) were (if more than twenty-one (21) years of age) registered voters of the town, and during said preceding year have imported into the land area held by the Trustees of Shakerton from foreign countries goods on which they have paid customs duties for which they show official receipts, such amount, as said Trustees think fit, not exceeding nine-tenths and not less than one-tenth of a sum which

SHAKERTON

bears the same proportion to the taxes assessed in such preceding year on the real estate held by the Trustees, including the buildings thereon, that the aggregate customs taxes levied for Massachusetts (computed by multiplying the per capita customs taxes in the United States by the population of Massachusetts, as shown by the official census (whether State or Federal) last published) bears to the aggregate taxes assessed in such year on all real estate in Massachusetts, including the buildings thereon.

The community by vote of a majority of those present at a meeting called for the purpose, or if there is no organized community the Trustees by unanimous vote may from time to time exclude from participation in any benefit under this clause (n) any member suspected of practices subversive of the object of the clause as interpreted and determined by such meeting or by the Trustees as the case may be.

(n) Every distribution under the five preceding clauses shall be made only among such of the persons specified in the respective clauses as shall make written demand therefor between July 1 and December 31 of the year preceding the year in which such payment is to be made. Such distribution shall be made in equal shares per capita (the executors or administrators of a deceased person to count as one only), except that no person in any class shall receive a sum in excess of the taxes, or such fractional part thereof as the Trustees may fix, so paid by such person in such preceding year; any part of an equal per capita share so withheld shall be divided equally among the other shares subject to the same limitation. The provision of the five preceding clauses shall be applicable as to taxes levied by the Commonwealth of Massachusetts or the United States under laws now in force or any amendments thereof or substitutes therefor levying taxes of a similar nature. The decision of the Trustees as to whether any tax falls within the provision of any of said clauses shall be final.

2. After making the foregoing payments the Trustees shall pay over the surplus remaining to the community hereinafter referred to for application to public uses in the sense hereinafter defined, up to an amount equal in the aggregate to a percentage of the gross rent received by the Trustees during the first fiscal year in which year rent was collected equal to one per cent of such first year and one additional per cent for each year elapsed since the end of such first year, together with a percentage of the increase in the second year over such first year, equal to one per

SHAKERTON

cent for such second year and one additional per cent for each year elapsed since the end of such second year, together with a like percentage of the increase, if any, of gross rental in each succeeding year over the preceding year, equal to one per cent for such succeeding year and one per cent additional for each year since elapsed. From the balance of such surplus there shall be paid so far as the surplus suffices such sums as will satisfy all obligations of the Trustees specifically charged upon such surplus. Of the remainder, if any, of such surplus one-half shall be paid to The Georgian Trust so-called, if then in existence; and the other half, or all, if The Georgian Trust is not then in existence, shall, at the discretion of the Trustees, be used for the acquisition of additional real estate for the enclave of Shakerton; or to found, acquire real estate for, pay the debts incurred in the acquisition of real estate for, or lend money to, any new or existing single tax enclave, or shall be paid to the community for application to public uses in addition to the amount previously above provided, or shall be applied in such shares as they see fit to one or more of said purposes. Public uses for the purposes of this article shall be uses public in the sense that they cannot be left to individuals without giving one an advantage over others and including hiring any real estate for public use, and the acquisition of additional real estate together with whatever personal property may reasonably be purchased as a part of the transaction, to be held by the Trustees hereunder, the Trustees to sell within a reasonable period any improvements on land so acquired except so far as such improvements are retained for public use of the community. In case and whenever there is no organized community to which the income can be paid over as hereinabove provided, the Trustees shall themselves apply such surplus income to such public uses for the common benefit of their lessees, or in their discretion may pay the same to the town of Ayer.

The Trustees shall collect from any and every natural resource, including all mineral, coal, oil and natural gas brought to the surface of the land, the value of such resource as it lay in the ground without any improvements for making use of it or bringing it to the surface and shall pay over the amount collected to The Georgian Trust so-called, or if and whenever said Georgian Trust is not in existence, shall hold all such sums as capital and as a part of the trust property with full power of investment and reinvestment, and shall apply the net income therefrom as a part of the income derived from the land held in trust to the purposes hereinbefore specified.

3. The Trustees shall have power to acquire additional real estate on such terms as in their discretion they think fit, including power

*Powers as to
Acquiring
Additional
Land*

to purchase wholly or in part on credit, to take the same subject to a mortgage, or themselves to borrow money on the credit of such real estate and to mortgage the same as security, or subject to the provisions as to application of income above set forth to charge the rental received from such additional land, or from all or any part of the land held by them including such additional land with a payment to meet the interest on any unpaid purchase money and to pay off the purchase price, or any indebtedness therefor or for money borrowed to acquire such land, but they shall have no authority to create any legal liability on the part of the community to pay for any such land or to create any legal obligation by which the rental of any land can be reached and applied, except by their voluntary act in charging the same as above provided, to satisfy any claim for unpaid purchase money. The Trustees, with the approval of the community, shall have power to suspend, for such time as they think fit and the community approves, the rent payable under any lease; the rent so suspended shall constitute a first lien on the improvements (including any growing timber) on such land, and shall be payable with interest at the expiration of the term of suspension or upon the earlier termination of the lease; such lien may be enforced by seizure of such improvements and sale thereof, or in any way authorized by law. The Trustees may pledge any suspended rent as security for money borrowed by them. The Trustees may with the approval of the community at any time sell any of the trust property not then under lease and convey the same to the purchaser free from any trust; the proceeds of any property so sold may be applied to any purpose to which surplus income is applicable, and no purchaser from the Trustees shall be responsible for the application of the purchase money.

4. The powers of the Trustees as to borrowing shall include the power:

(A) to borrow money from time to time to an amount equal, in the aggregate, with all loans at the time outstanding, to the value, as determined by the Trustees, of all the land owned by them, exclusive of improvements thereon, less a deduction of one (1) per cent of the value of each parcel for each year from the date of its acquisition to the date of such borrowing, to make every such loan on such terms as they think fit, and issue therefor such evidences of indebted-

SHAKERTON

edness as they elect, including, without restricting the generality of the foregoing words, bonds, notes and certificates of indebtedness; for the purposes of this provision the value of land shall be determined by multiplying the gross rent received during the preceding year by one hundred and dividing it by six or other figure representing the then legal rate of interest in Massachusetts; such right to borrow money shall include a right to borrow on the terms of paying a fixed sum yearly or oftener for a term of years or for the life or lives of any person or persons, or other period, by way of interest and amortization;

(B) to grant rent-charges upon any part or parts of the trust estate or upon all of it, in such form and on such terms as they think fit; such rent-charges shall be included in computing the indebtedness for the purpose of limitation on borrowing power under the foregoing clause, each rent-charge being taken for the purpose at the present value, at the time of the computation, of an annuity of like amount payable for the unexpired term on a six per cent basis;

(C) to secure any loan by mortgage of all or any part or parts of the land owned by the Trustees in such form and on such terms as they think proper, including power to make an open mortgage which shall provide for securing other indebtedness that may be subsequently contracted or other evidences of indebtedness subsequently issued, and including power to provide or not, as they think fit, as to any or all land so mortgaged so far as may be consistent with any lease or leases of any particular parcels thereof then in force or thereafter to be given, that the mortgage shall or shall not, as the case may be, give any title to improvements then existing or that may thereafter be put upon such land or any parcel or parcels thereof;

(D) to extend any mortgage now or hereafter in force covering any of the trust property;

(E) in their discretion to insert in any lease hereafter given a provision, and to agree with any existing or future lessee upon modifying such lease by including therein a provision, authorizing the Trustees to mortgage the land covered by such lease alone or with other land in the manner and upon the terms above specified;

(F) to relieve any person lending money to them from all obligation to see to the application of the money loaned or to determine any fact authorizing the action of the Trustees and by them alleged to exist.

SHAKERTON

5. The Trustees may make a sale or conveyance of leased land to the Trustees under any declaration of trust similar to this covering land in the same town in which such leased land lies.

6. No person paying money as rent or otherwise to the Trustees shall be bound to see to the application thereof and no person in good faith receiving money from the Trustees shall be bound to inquire whether the payment is made in accordance with the terms of this trust.

FOURTH: The community herein referred to shall consist of all the persons not less than twenty-one (21) years of age for the time being holding leases from the Trustees, the wife or husband of a leaseholder, and of such other persons not less than twenty-one (21) years of age residing on the trust estate, as may by any form of organization adopted by such leaseholders be associated with them. The community shall exist as an organization whenever not less than twenty (20) leaseholders have so organized or with the written approval of the Trustees whenever not less than ten (10) leaseholders have so organized, and shall continue so long as such organization is maintained and not less than twenty (20) leaseholders remain members, or with the written approval of the Trustees as long as not less than ten (10) leaseholders remain members. The words "members of the community" wherever used shall, unless plainly inconsistent with the context, mean the persons above described as forming the community irrespective of whether there is or can be an organized community as above defined or not.

FIFTH: The Trustees may at any time in the manner hereinafter provided for filling a vacancy add one to their number and thereafter the number of Trustees shall be three. Any Trustee under this instrument may resign his trust by instrument in writing delivered to his co-trustees or co-trustee and recorded in Middlesex South District, Massachusetts, Registry of Deeds. Whenever a vacancy from any cause exists in the number of Trustees, the surviving or remaining Trustees shall by instrument in writing recorded in said Registry of Deeds appoint a new Trustee or Trustees, who shall upon confirmation by said community by a vote of a majority of such members as are present and vote at a meeting called for the purpose in such manner as the form of community organization may provide, or without confirmation if no organized community is in existence, forthwith and without the necessity of any conveyance become vested jointly

SHAKERTON

with such surviving or remaining Trustees or Trustee with the same rights, powers, titles and estate as if originally appointed a Trustee hereunder. Pending the appointment of a new Trustee, the surviving or remaining Trustees or Trustee may exercise all the powers of the Trustees hereunder.

SIXTH: Except as otherwise herein expressly provided, all action by the Trustees must be the unanimous act of all the Trustees for the time being, but any Trustee may delegate to another Trustee such part of his powers for such time as he thinks proper by instrument in writing, and the Board of Trustees may in like manner delegate to any one of their number such part of the powers of the Board for such time as they think proper; any such delegation by a Trustee or by the Board may at any time be revoked by him or by the Board. Any Trustee may so delegate his power to act in respect to any matter in which he has a personal interest, and may then deal with the Trustees free from any fiduciary obligation as to such matter. If such delegation shall concern the sale of land to the Trustees and the community shall then be in existence, the price agreed upon shall then be laid before a meeting of the community for its approval. If the community disapproves, the price shall be referred to arbitration between the community and the Trustee, the standard of value to be applied by the arbitrators being the fair market price at the time of the agreement. The Trustees may by instrument in writing authorize the Council of the community to act as their agents in any matter and may revoke such authority; so far as authorized by the community expenses incurred in so acting shall be paid from the funds of the community

SEVENTH: This declaration of trust may be amended or terminated at any time by instrument in writing executed by a majority of the Trustees for the time being and approved in writing by a majority of the members for the time being of the community of Shakerton, or approved at each of two meetings held within not more than two months of each other and not less than one month apart, called by notice in writing to all members, such call giving notice of the proposed amendment and such approval being in each case by affirmative vote of a majority of all the members of the community, or by affirmative vote of a majority consisting of not less than ten individual members present

SHAKERTON

in person or by proxy of those so present at such meeting and voting, but no such amendment shall impair any of the rights of a lessee from the Trustees under this lease, or shall provide for any other distribution or disposition of the trust property free from the trust than is herein provided for.

EIGHTH: Unless sooner terminated as hereinbefore provided, this trust shall continue until the expiration of twenty-one (21) years after the death of whichever of the following named persons dies last, to wit: M. Phillips Mason, said Fiske Warren, said Roland B. Dixon; Sarah Warren, Martha Warren, Jeannette Warren, Georgia Warren and Josephine Warren, being children of Joseph A. Warren; and Rachel Warren Lothrop, Marjorie Warren and Hamilton Warren, being children of said Fiske Warren; and Samuel K. Lothrop, Jr., and Joan Patricia Lothrop, being children of said Rachel Warren Lothrop; and Helena Elisabeth Mason and Richard Phillips Mason, being children of said M. Phillips Mason; and Janet Warren Shaw, Catherine Warren Shaw, Mary Warren Shaw, Rhoda Warren Shaw and Lois Warren Shaw, being children of Lois Warren Shaw.

NINTH: Upon the expiration or prior termination of this trust the Trustees shall convey all the trust property then in their hands, subject to any leases then outstanding, absolutely and free from any trust, to such person or persons or body corporate as a majority of the Trustees for the time being and a majority of the members for the time being of the community shall in writing determine, or upon failure to agree, or, if for any reason there is no longer any community, then to the town of Ayer. Such conveyances shall be upon the terms that all leases at the time outstanding shall remain in force; the lessees shall be bound to pay as rental such amount as may be agreed upon by them and the grantee of the reversion as the fair equivalent from time to time of the economic rent less any taxes and assessments required to be paid by the lessee, which by the terms of the lease should be paid by the lessor; in case the grantee and lessee cannot agree upon such equivalent it shall be determined by arbitration. If at the time of conveyance the payments to be made to said Fiske Warren, or to any other person, for land acquired have not terminated, the grantee shall continue bound to make such payments to the same extent to which the Trustees would have been bound to make payments.

SHAKERTON

TENTH: Wherever a reference to arbitration is provided for in this instrument, such reference shall be to three disinterested persons, each party interested choosing one out of three persons named by the other, and the third being selected by the two so chosen; the award in writing of a majority of the referees shall be conclusive and final upon the parties.

ELEVENTH: A certificate signed and sworn to by a majority of the Trustees for the time being and recorded in said Middlesex South District Registry of Deeds, stating that certain persons constitute all or a majority of the members of said community, or reciting the existence of any fact the existence of which is required to authorize any action taken by the Trustees, shall as to third persons acting in reliance thereon be conclusive evidence of such statement therein contained, or of the existence of such fact.

TWELFTH: Whenever the approval of the community is required for any act, such approval may be given by majority vote of members present and voting at a general or special meeting. If and whenever there is no organized community in existence, the Trustees may exercise alone any power which by this instrument may be exercised by them with the approval of the community, or a majority of its members.

THIRTEENTH: In every written lease, deed, mortgage or contract which the Trustees may make, reference shall be made to this instrument, and the person or corporation contracting with the Trustees shall look only to the funds and property of the trust for payment under such contract or for payment of any mortgage debt, judgment or decree or of any money that may otherwise become due or payable by reason of the failure on the part of the Trustees to perform such contract in whole or in part, and no Trustee present or future shall be personally liable therefor. The Trustees shall be responsible only for wilful breach of trust, and no Trustee shall be liable for allowing any other Trustee or Trustees to have possession of the trust books, or to make collections, or to have the sole custody of the trust moneys, and no Trustee shall be responsible except for his own acts. No bond or surety shall ever be required of any Trustee acting hereunder.

SHAKERTON

Lessee by accepting this lease also accepts and covenants to be bound by all the provisions of said declaration of trust including any amendments duly made thereto, and covenants with the Lessors:

1. To pay annually in advance to the Lessors, on the first day of April of each year beginning April first next, as annual rent a sum equal to the full economic rent for one year of said parcel of land, exclusive of improvements thereon, as such rent may from year to year be fixed by the Lessors or by the Community of Shakerton, subject to revision by arbitration as provided in said declaration of trust.

2. To observe and comply with and not to permit any person to occupy or be upon the demised premises who fails or refuses to observe and comply with all reasonable ordinances and regulations that may from time to time be enacted by the Community of Shakerton, in accordance with its constitution.

3. To pay to the Lessors for whatever part of any natural resource shall be brought to the surface of the land an amount of money of a value equal to the value of such part of such resource as it lay in the ground; payments to be made periodically at times fixed by the Lessors; the amount payable to be fixed by the Lessors, or by the Community, if and whenever there is an organized Community in existence, subject to revision by arbitration as provided in said declaration of trust in respect to rent.

5. 6. During the continuance of this lease not to cut or intentionally injure or destroy any tree growing on the demised premises that is more than four (4) inches in diameter at a point eighteen (18) inches above the ground, without the written consent of the Lessors, except that trees which were not growing on the demised premises January 1, 1921, may be cut and removed by the Lessee.

SHAKERTON

The Lessors covenant with the Lessee:

To apply all income (not including payments for natural resources) received from all real estate from time to time held by them under said declaration of trust to the following purposes in the order specified:

(A) To the payment in full, or ratably if they cannot pay in full, of all taxes and assessments that may be lawfully assessed upon all the land from time to time held by them and upon all improvements thereon, whether assessed as real estate or personal property, and of all interest upon any mortgage or other incumbrance covering such land or any of it;

(B) To such purposes and in such manner as the declaration of trust or any amendment thereof may from time to time provide.

It is agreed by the parties hereto:

(A) All improvements upon the demised premises made or acquired by the Lessee shall be and remain the property of the Lessee, and may at any time before the termination of the lease, if the rent is not then in arrears, be removed from the land by the Lessee or by any person acquiring the same from the Lessee, and if sold or otherwise transferred to a new tenant of the same land before the right of removal terminates may be held by the latter with the same right of removal as if made by him. The Lessee or the purchaser of any improvements shall upon removing them be bound to leave the land in as good condition as when the improvements were first erected, and the Lessors may require reasonable security therefor as a condition of permitting such removal. Any improvements not removed before the right of removal terminates shall become the property of the Lessors, who may, however, release the same and permit the removal thereof on such terms as they think fit.

(B) This lease shall be subject to such restrictions on the purposes for or the manner in which the land shall be used as the Lessors may therein provide, and may be terminated for violation of any such restrictions, or violation of such reasonable ordinances as the Community may from time to time enact and declare to be a cause for termination, and as the Lessors approve.

(C) This lease may be terminated at any time by the Lessors for breach of any covenant by the Lessee continued for thirty (30) days after notice in writing demanding performance, delivered at or posted on the premises, except that there shall be no such termina-

(d) The Lessee may at any time terminate this lease by not less than sixty (60) days' notice in writing delivered to or posted, with postage prepaid, to the Lessors, but such termination shall not release the Lessee from obligation to pay the full year's rental if the termination takes place in the course of a year.

Before me,

CONSTITUTION

Preamble.

We, residents or leaseholders of Shakerton, in order to establish a social system of progress, industry and mutual helpfulness, hereby organize a body politic under the following Constitution :

ARTICLE 1. *Constitution.*

This community shall be known as Shakerton, and its communal affairs, except as already provided for in the declaration of trust, shall be administered by the people of Shakerton in public meeting assembled, and by such officers as they shall elect.

ARTICLE 2. *Communal Meeting.*

Every natural person who is a leaseholder or resident of Shakerton not less than twenty-one (21) years of age, without discrimination on account of sex, and the wife or husband of any leaseholder, shall be a member of the community and entitled to a voice and vote at all meetings, except that no one, besides those above referred to, shall be a member unless registered as a voter in the town of Ayer, provided such person has registered his or her name and legal ad-

SHAKERTON

dress on the books of the community kept for the purpose. Each member shall have one vote as representing himself and not more than nine (9) as proxy for other members. The Chairman may vote. Three persons present in person shall constitute a quorum.

A regular meeting shall be held on the second Saturday of every month, at 7.30 p.m. Public notice shall be given of any change in the date, place or hour of meeting.

A special meeting shall be called by the Chairman of the Council upon request in writing signed by five (5) or more of the residents or leaseholders. The communal clerk shall notify all leaseholders of such special meeting, stating the time and object.

ARTICLE 3. *Council.*

A Council, consisting of three (3) councillors, shall be elected by the communal meeting, under the Hare-Spence system of proportional representation.

This Council shall serve until another is elected, and elections shall always be for the entire Council, and not for individual councillors separately. Such election shall be held whenever the communal meeting by a majority of those voting determines to hold an election.

The Council shall elect its own Chairman, and shall appoint a Treasurer, subject to confirmation by the communal meeting, a Clerk, and also such other officials as the communal meeting may authorize, all of whom shall serve until their successors are appointed and have accepted. These officials shall not be remunerated except by the specific authority of the communal meeting.

The Council shall administer the affairs of the community, subject to the authority of the communal meeting, and the provisions of the declaration of trust. It shall allot lands to applicants in the order of application, unless otherwise instructed by the communal meeting, and shall make yearly assessments of rent for the use of such lands, subject to appeal to the communal meeting. A statement of the aforesaid allotments and assessments shall be by them submitted to the Board of Trustees, with a recommendation that corresponding leases be made out and rents collected.

All orders for the expenditure of communal funds shall be signed by some one of the councillors and countersigned by another.

The Council shall appoint such standing committees and employ such persons as they may deem advisable, and undertake such public works, and expend such public funds as the communal meeting may authorize.

SHAKERTON

ARTICLE 4. *Communal Clerk.*

The Clerk shall be appointed by the Council, and shall perform such clerical duties as may be assigned to him. He shall also serve as clerk of the communal meeting, and shall keep minutes of each such meeting, and submit them for correction or approval at the next meeting.

He shall receive applications for land, and keep a record of the same in order of application.

ARTICLE 5. *Treasurer.*

The Treasurer shall have charge of all communal funds not in the hands of the Trustees; shall keep accurate books of account, and shall submit the same for audit whenever requested by a Councillor or the communal meeting. He shall pay out communal funds only upon an order made out and signed by any one of the Councillors, and countersigned by another.

He shall give such bond as may be required by the Council.

The accounts both of the Trustees and of the Treasurer shall be audited at least every twelve (12) months by a committee of three (3) appointed by the Chairman of the communal meeting.

ARTICLE 6.

This Constitution may be amended, altered or abrogated by a majority vote of those present and voting at any regular communal meeting or at any special meeting, provided that written notice of such special meeting shall have been sent to every leaseholder at least a week before by mailing, postage prepaid, to his or her address as registered on the books of the community kept for the purpose.

ARTICLE 7.

This Constitution shall go into effect as soon as twenty (20) leaseholders have organized, or with the written approval of the Trustees whenever not less than ten (10) leaseholders have so organized.

An article by Llewellyn Jones, entitled "Here Are The Facts," appeared in "The Freeman" for August 24, 1921, being in the nature of a review of the first annual volume of "Enclaves of Single Tax." This article, with certain omissions, is reproduced below.

HERE ARE THE FACTS

WHENEVER socialism is discussed one hears the remark, "all socialistic experiments have failed." This refers, of course, to the attempts that have been made from time to time to run experimental socialist "colonies," and as none of these colonies have ever been initiated, as a matter of fact, by believers in scientific socialism, the objection has nothing to do with actual socialism at all. Nor has this article anything to do with socialism, although it deals with a number of experimental social "colonies"—using the word loosely. These settlements have been organized by groups of people who believe that the way to gain the greatest measure of justice and harmony in man's social life is to untax industry and to take, instead of the multitudinous taxes that burden us all to-day, the whole economic rent of the land. In a word, these settlers are disciples of Henry George. They are also people who have tired of, or who have never had high hopes of, the method of propaganda. It has seemed to them that to wait until enough people were "converted" to the idea of land-value taxation to "put it through" would be to wait a good while. So they have acquired the land and have simply converted that. They have gone quietly to work; and with the exception of the settlement at Fairhope, Alabama, practically nothing has been known of these colonies by the outside world. Now their representatives have published their first account of themselves.

In a way they have produced a very tantalizing book. One is so used to propaganda everywhere in these days, that one expects

HERE ARE THE FACTS

to find it here. Think of the possibilities! The glowing descriptions of an ideal life: apostrophes to freedom: general all-round eloquence. Instead of that we have a narrative, bare as it can be, of the actual progress of these "enclaves," as they are called, in terms of numbers of settlers, and areas and values, and of their actual constitutions and legislative enactments.

.

The constitution of these enclaves is relatively simple. In all cases the lands are leased to their occupiers and these pay to the trustees of the enclave a tax equivalent to the annual economic rent. Then the trustees as a body pay to the State and county whatever taxes they assess. In this way the individual landholder in an enclave, while he necessarily suffers to a certain extent from the restrictions which our politicians put upon enterprise, is freed from a great proportion of them. He can go ahead as far as he likes in improving his property, and he is not penalized. In some enclaves the trustees have gone farther than in others, in this matter of paying taxes for the individual holder.

.

As these enclaves are purely individualistic in their interior policies, it is not surprising that they are free from the dangers of dissension and dissolution that socialistic colonies are subject to.

.

We are then given figures showing the growth of the colonies since 1911, from which we learn that the gross rent of the five American enclaves rose from \$5109 to \$17,410 or 247 per cent. The story of Fairhope with its ambitious town-planning scheme and its already well-tried school of "organic education" is already fairly well known. It may not be so well known, however, that the Fairhope community possesses a railway which, from the stand-

HERE ARE THE FACTS

point of finance and privilege, is the worst in the world. It never pays any dividends and it is utterly without any exclusive franchise that might protect it from competition. In fact, about all it is able to do is to transport goods and passengers. It will shortly extend its lines to connect Fairhope with the Louisville & Nashville Railway. All the road is permitted to do is to charge a rate that will cover "necessary charges and a surplus sufficient to provide for renewal of plant and amortization."

The conditions under which such growth as that recorded above is made, may best be summarized from a smaller area than that of Fairhope. Take Arden, Delaware, for example. It is located six miles north of Wilmington, and was founded in 1900 by Mr. Frank Stephens and Mr. William Price, and at the present time the 162 acres of the colony are occupied by 140 leaseholders and there are a hundred dwellings, as well as the inn. The rents as collected vary from twenty-five dollars to seventy-six dollars an acre, and the value of the land is determined by the Somers system—Arden being the first of the enclaves to apply it. The legal title to the land is held by the trustees, who pay all the ordinary taxes—including that on automobiles. The community elects three townsmen and seven assessors by the Hare system of proportional representation, and a clerk and an accountant. The money which is left after the trustees have paid the State and local taxes and the expenses of the trust, is turned over to be applied "to such common uses, desired by a majority of the residents as, in the judgment of the trustees, are properly public, in that they can not be left to individuals without giving one an advantage over others." Thus Arden presents a representative and democratic system of government. Arden is also notable as being the first community in the United States to establish a Raiffeisen banking system, which is based on character, not collateral, and which is a rural credit union following the plan "originated

about the middle of the last century by Burgomeister Raiffeisen of the village of Heddesdorf, Germany."

In the other enclaves, while details differ, substantially the same idea of individualism, representative and democratic government, and freedom of industry from taxation, are the guiding principles and actual practice.

.
The publisher of this book . . . intends to bring out a volume each year, hereafter, bearing on the progress of the work. Criticism, therefore, may well be put in the form of suggestion for future volumes. What we should like to see then is, first, an actual balance-sheet of an enclave, perhaps in a simplified form, showing, if not actually, then diagrammatically, just what rent was paid in by the occupiers of the land, and what taxes were paid in by their trustees. Then, if it could be done, we should like to see some figures, real or diagrammatic, of some of the private enterprises that go on in these colonies, showing the relation of their finances to the fiscal policy under which they are running. What this last request really amounts to is for a picture of the actual life of the enclave. The book before us is a picture of the constitutional and political life of the enclave. It might be said that it does for the enclave what Viscount Bryce does for American "democracy." What we want next is to see an enclavian describe the other side of the medal.

Meanwhile, the present book, although it is written by a man who is evidently shunning the sensational and propagandist attitude, will interest deeply any reader who comes to it in the serious spirit in which it is written. Half of the book at least is devoted to legal documents, but even they are a welcome change after the sort of thing that social reformers and politicians invariably give us. The motto of most reformers to-day is "Let your light so

HERE ARE THE FACTS

shine before men that they may be dazzled and think they see your good works when they do not." But Mr. Huntington and Mr. Warren have gone to the other extreme. "Here are the facts," they quietly remark. It is to be hoped that these facts will be thoroughly discussed, for these colonists have started a movement which, as they claim, can be extended indefinitely. Their theory is that the enclave shall extend and extend until, without any legislation or public agitation, but with a constant acceleration due to the widening advantages of the system, the land of the country shall pass under natural taxation. Then we shall wake up one day and find the whole thing a *fait accompli*, and all we shall have to do will be to abolish the governing bodies (which will be superfluous by that time) that now relieve us of our surplus wealth.

[The suggestions in the foregoing article are pertinent, but there is great difficulty in following them in full, because any industry carried on within an enclave is inextricably related to like industries outside the enclave. But in this annual volume a beginning has been made in the line of these suggestions by publishing the annual financial reports of the enclaves.]
